Richard Salmon Joins First Western Bank As Consumer Finance Officer

MR. RICHARD SALMON
. . . New Consumer Finance Officer

Richard Salmon is a recently appointed Consumer Finance Officer in First Western Bank's Sierra Madre office. The announcement was made by Harlan Thompson, manager.

Mr. Salmon joined the bank in September of 1969. His previous experience includes two years with CBS Television.

The new bank officer is a graduate of the California State College at Los Angeles. He is a native of Los Angeles, presently residing in Arcadia with his wife, Wendy.

Fire Call Number 27

Your Volunteer Firefighters answered call Nummer 27 for the current year and number one for the month of June when they were called at 1:51 Saturday afternoon to 190 Lima Steet to a home filled with smoke.

Engine 423 anwered the call in 4 minutes and 23 seconds with 424 in close response to the home of Ranney G. Adams. Before the ar-

LICENSE HOLDERS ON SALE

If you have not as yet secured your license plate holders to advertise Sierra Madre On the Road, then now is the time to secure them. Besides being on sale at your local Chamber of Commerce office at 49 South Baldwin, they can be purchased from Al Foxtom Chevron Station, and Vinn's Richfield Service Station. They will also be available at several merchants stores about town.

The license plate holder, stating that we are a "Foothill VILLAGE" Sierra Madre, was designed by your Chamber of Commerce to help them raise money for operational expenses. They sell for $1.75 each or two for $3.

Besides the monetary aspect, the holders will help advertise the city of Sierra Madre wherever you travel. Only 500 of the holders were secured so you had better hurry to secure yours before the supply is exhausted.

Sierra Madre Manager Appointed For Guarantee Savings & Loan Ass'n

MR. LON DAYHOFF
Savings and Loan Manager

A manager and two Sierra Madreans have been chosen to staff the soon to be opened office of Guarantee Savings and Loan Association, according to an announcement by Thomas V. Deihl, President of the firm.

Mr. Lon Dayhoff has been appointed Assistant Vice President and Manager of the new office. He has an impressive background in the financial field. Before joining Guarantee Savings, he held executive positions in one of the nation's largest banks, and two multi-branched savings and loan corporation. He is 32, married, a Navy veteran, and presently resides in the City of Downey. He attended East Lost Angeles, and Cerritos College, later became a Certificate Holder of the American Institute of Banking.

The two Sierra Madreans chosen to be associated with Dayhoff are well known to the younger set. They are Suzanne Russert and Barbara Morse. Miss Russert, daughter of Mr. and Mrs. P. L. Houle, attended Alverno Heights, and is a graduate of Pasadena High School.

Barbara Morse, formerly associated with another local financial institution, is the daughter of Dr. and Mrs. J. S. Miller, well known local residents. Both ladies bring to the new office of Guarantee Savings a wealth of experience and personality.

Deihl stated in a personal interview, "Ever since we were granted the privilege of opening an office in Sierra Madre, I have been looking for just the right staff. I feel that in Lon, Suzanne and Barbara we will have the kind of representation in the community that our Association will be proud of. And, we hope that all of their friends will take the time to stop by and say hello."

100 Years Young On June 5

Mrs. Estella R. Carr and Friends Celebrate Birthday

Mrs. Estella R. Carr celebrated her 100th birthday June 5 at Parkwood Convalescent Hospital where she now makes her home. Complete with cake, presents and well wishing friends. While Mrs. Carr is unable to walk anymore, she is still very interested in singing and at her birthday party joined in the 'community sing.' A tape recording was made of the festivities and her soprano voice could be heard in each song. Later Mrs. Carr sang a solo, "Count Your Blessings" which was also recorded.

"Stella," as Mrs. Carr is known to the residents of Parkwood, was born on a farm near Johnsonville, Illinois. The Rudesill family was a musical family and Stella just naturally took to singing — at home, in church and in school.

Before her marriage, Mrs. Carr taught school in Illinois and South Dakota. It was in South Dakota where she met and married her husband, Robert V. Carr, author of Black Hills Ballads.

The Carrs settled in Sierra Madre nearly sixty years ago. During part of that time the Carrs divided their time between Sierra Madre and the desert near Palm Springs. Mr. Carr, a newspaper man with his own column, was a staff writer for the Los Angeles Times for many years. They met and were acquainted with many Hollywood stars of the early days including Mary Pickford and Douglas Fairbanks.

The Carrs were active in Sierra Madre's social and political life.

Among Parkwood residents attending Mrs. Carr's birthday party celebration were: Mrs. Louise Vogtenberger, who shares Stella's love of music and often reads to her; Mrs. Ada Jones; Mrs. Emma Townsend Mrs. Emma Clardy; Mrs. Vera Prington; Mrs. Winnie Weitbrecht; Mrs. Johanna Hoffman; and long time Sierra Madre resident, Mrs. Fannie See. Also, Mrs. Emma Dobschutz; Mrs. Veronica Craig; Mrs. Ione Ragsdale; Mrs. Georgia Kirby; Mrs. Alice Babcock, long time Sierra Madre resident; Mrs. Jenny Sterling; Miss Anne Kessler, and Miss Emma Figgie. Also Mrs. Mabel Ericson; Mrs. Ada Annas; Miss Betty Mahuron, recreation director for Parkwood; and Mrs. Carr's niece and her husband, Mr. and Mrs. R. V. Pedlar of North Hollywood.

The delightful, and young

Lex Diamond Studies Law At Glendale

Fifteen years in radio had convinced Lex Diamond of Sierra Madre that he ought to study law to increase his "options" but time and the demands of earning a living had led him to put the idea aside.

His desire is now being realized, however, through the evening and weekend courses of the Glendale College of Law. Originally, Diamond says he began his law studies to enhance his "opportunities within the broadcasting industry."

Now he has become absorbed by the subject itself and has "pretty well made the decision to go on and qualify to take the State Bar exam and become a fulltime attorney."

Diamond, who is 37 and lives in Sierra Madre with his wife and four children, was born in Munich, Germany, and got involved in broadcasting in Casablanca, North Africa, while in the U. S. Air Force.

"That was in 1954," he recalled, "right in the middle of the Arab-Morrocan revolution to get the French Colonials out. It was a very interesting time."

Apparently Diamond acquitted himself with distinction, for, starting with his "voice work" in Casablanca, he went on to radio as a civilian in New York and other eastern cities.

Presently an account executive with KWST-FM, Dia-

Know Your Town
YOUR CITY COUNCIL SPEAKS
by JOHN N. SIMONS, Mayor

Of all the problems facing this city none is of greater seriousness than our financial dilemma. At the risk of being called a prophet of doom, I must say that if the present trends in taxation continue, there is little doubt but the small city is as doomed to extinction as has been the case with small farms and towns in the midwestern United States.

From time to time considerable rhetoric is generated regarding this problem, but up to now nothing substantial in terms of remedial action has been forthcoming. Essentially the problem is this — cities, albeit they represent the case of local control in government, are the most restricted in developing revenue sources of any of the prime governmental authorities — city, county, state and federal. I am not intending to debate the relative virtues of this philosophy of strong central government. I am only pointing out that present restriction on local taxing authority are stifling small cities to the point where they will be forced out of business.

Being a bedroom community has made Sierra Madre's problem even more acute. Whereas most cities derive significant revenues from business activity (manufacturing and retail sales) we receive less than 8 per cent of our total revenue from these sources. Our sales tax revenue has averaged around $60,000 annually for the past several years. This compares with $150,000 in San Marino, another bedroom community with a small business district. I had hopes of seeing a marked upturn in sales tax revenues in Sierra Madre because of the shopping center development and the building of a Castaways restaurant. The City would have collected approximately $25,-30,000 in new sales taxes from these two developments and now have lost our only automobile dealership, a loss that will cost us $3-5,000 in annual sales tax revenue. Plus another loss of a supporting business for another $2,000.

The proposed new shopping plaza in Arcadia forebodes further deterioration of our sales tax revenue.

Most of our tax revenue comes from the property tax. But here again we have serious problems. For the past three years very little new construction has taken place in the city. Whereas our tax base had been rising by about a million dollars per year, we now find that it is almost standing still. This would be bad enough in itself, but what with inflation causing a 5-7% reduction in purchasing power each year the effect has been to cause us to move backward.

Tax rates on real property are limited in most cases by state law. The General Fund rate cannot go over $1.02 per $100 assessed valuation. The library tax rate ceiling is set at 30c for $100 assessed valuation. This year we will not collect sufficient library taxes to pay for its operation even with the 30c tax rate. We shall have to use up a small reserve fund of

Fund Drive For Team In Push For Its Completion

YOUR SIERRA MADRE SEARCH AND RESCUE TEAM on an actual search. This one was in Little Santa Anita, the boy was drowned, but the team retrieved the body. Equipment to make this recovery was purchased from funds of last year's drive. Many people are searched out and found in this Canyon, one that is very dangerous and treacherous. Much special equipment is needed to properly do the job when called upon.

You are wonderful people, especially those of Sierra Madre, Arcadia, Monrovia, Pasadena and other outlying areas that have answered the call for "FUNDS" to keep our Sierra Madre Search and Rescue Team operating.

The total as of this date now stands at 60 per cent in or a total of $4,780, of the much-needed $8,000. Before we list the names of the latest contributors for you to check and see if your name is present, we want to print a letter received by the Team from a mother and father who "THANK GOD" that the team was in existence and that YOU had provided the money to make the rescue of their son. This letter is typical of hundreds and is from the city of Panorama.

To All Members of
Sierra Madre Search and
Rescue Team:

We would like to express our gratitude and appreciation to all the members of your group who participated in the rescue of our son, Bill. He has asked that his thanks be included in this letter.

Although I tried to thank as many of you personally as I could on Wednesday, (March 18), I know that many who had helped earlier in the search were not here that morning. Please share this letter of thanks with all your group. It's wonderful to know that there are so many people who are willing to help in a situation of this sort.

Bill has recovered quite quickly and is back to himself again. Except for some deep scratches on his arms and legs and some poison oak that lingers, he's as good as new. Bill has had an experience that he won't forget for a long time. (As a matter of fact, neither will we!)

According to Bill, he left the waterfall to return to camp for the 3 p.m. roll call. This meant going up the stream a ways and then up the trail on the side of the hill. He missed the trail and walked a good distance upstream before he realized he was lost. He says he was confused and didn't know which way to go, so he kept going up-stream hoping to see the camp. One night he slept in a hole — lost his glasses and was unable to find them the next morning. The other nights he slept on rocks and under trees. He had removed his tennis shoes because he says they were wet and felt heavy. He kept going, still hoping to find his way out of the canyon. He tells us he saw many squirrels and an animal in a tree that he thinks looked like a monkey.

Many thanks again for all your efforts that led to the safe return of our boy. When any of you are down this way, please stop by — at least a cup of coffee.

Very sincerely,
Morris L. Sternberg
Ellen Sternberg

Now, won't you look over your desk and see if you have the familiar yellow envelope that has not been re-

Recall of School Board To Be Held

The Recall of School Board Members by the Recall Committee, under the leadership of Frank Crowhurst filed with the County Clerk petitions last Friday at the hour of 4:30 which were estimated to be in the vicinity of 19,000 signatures for each candidate.

According to information, to call the election, it was necessary to secure approximately 17,732 valid signatures.

The County Clerk now has 10 days to certify that the required number has been submitted ,or that they have not. In the event there is not sufficient, then the Recall Committee will be given 10 days to secure the number declared short by the County Clerk.

Should the number be sufficient then the County Superintendent of Schools must set the election for the Recall in no less than 60 days nor more than 75 days from the date of certification by the County Clerk.

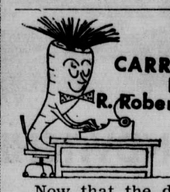

The Recall Committee is continuing to collect signatures and will have them ready in the event they are found to be insufficient by the County Clerk. Persons wanting to sign the petitions, and who have not done so yet, are invited to

Receive Degrees From Whittier

Some 502 students received degrees during commencement ceremonies at Whittier College on Saturday, June 6, on the campus in Whittier. Three hundred and seventy-six bachelor's degrees and 125 master's degrees were conferred during the ceremonies.

Among those receiving bachelor of arts degrees were two from Sierra Madre: Albert A. Riley, and Doris B. Webster.

Now that the deadline of June 8th has passed for entries in the 5th Annual Fourth of July Parade, it does look as though we are going to have a real nice celebration with lots and lots of entries and lot and lots of fun in Sierra Vista Park.

— CT —

Of course if you have an entry that did not get in by the deadline, do not despair, just get in touch with Richard Burton of the Parks and Recreation, 355-7135 and Richard always has a way of taking care of those that are a little late, he has his own formula worked out for that type of situation.

— CT —

Here is a little verse that was brought to me recently and does set forth some of the rules and regulations by which the silent majority must be planning their strategy.

— CT —

"Don't look, You might see,
Don't listen. You might hear.
Don't think. You might learn.
Don't make a decision. You might be wrong.
Don't walk you might stumble.
Don't run. You might fall.
Don't taste. It might be bitter.
Don't Vote. You may pick the wong candidate.
Don't say anything. You might be wrong.
Don't Love. It might be someone else's wife.
Don"t answer the Phone. It may be the IRS.
Don't live. You might die."

— CT —

Truthfully I do not know if this is a code of ethics or not, but it sure does seem that a lot of us live under those rules, but I think they will soon come under a drastic change.

— CT —

It looks as though we will have another election come June 30, a runoff between Rousselot and Evers. This sure could turn out to be an odd-ball too. Rousselot wins the nomination to run against Evers and McColl wins the special and goes to Washington D. C. for 6 months. Oh well, stranger things than this have happened and they will not cease here.

— CT —

School is now out, and this makes everything around town take on a different prospectus, all of us must be a little more careful in our driving habits, now children will be on the streets from sun up till sun down, darting in and out from behind cars, riding bicycles and scooters on the streets. Do be careful, children need your attention all the time.

— CT —

Recently I received a request from one of my longtime readers who asked me to reprint a verse I used many years ago concerning the resemblance of a WOMAN and a NEWSPAPER. So, after a little research, here goes . . . the credit for the poem goes to a Mr. and Mrs. Anonymous.

— CT —

"WOMAN? . . . A woman is like a newspaper because (1) They both have form. (2) Back numbers are not too much in demand. (3) They're well worth the time in looking over. (4) They have a good deal of influence. (5) There's small demand for the bold face type. (6) You can't believe all they say. (7) They always have the last word and (8) Every man should have one of his own and not go around borrowing his neighbor's!

— CT —

There are many times over the period of the years that I would not have the life of a City Councilman for anything, and this happens to be one of those times. Why a man will take all that abuse, I guess is something that I have forgotten since I was a Councilman some 20-years ago.

— CT —

To know that you only have a certain amount of money available to provide the necessary services to a community, and have the Department Heads sit before you and plead and plead to

Raymond Smith To Marry Glendale Teacher, Linda Davis, On July 11

MISS LINDA JANE DAVIS
. . . Engaged

The engagement of Miss Linda Jane Davis to Mr. Raymond H. Smith, son of Mrs. Emile E. Smith of 382 Mariposa, and the late Mr. Smith, was announced by her parents, Mr. and Mrs. John D. Davis at a family dinner, hosted by them, at their home at 1957 Bellevue Drive in Glendale.

The bride-elect, a former member of Job's Daughter of Glendale, Bethel 19, is a graduate of Hoover High School and the University of California at Santa Barbara where she received her Bachelor of Arts in Education. An elementary school teacher, Miss Davis is presently teaching in La Canada.

Ter fiance is a graduate of Pasadena High School, Polytechnic College at Pomona, where he obtained his Bachelor of Science in Electronic Engineering. Mr. Smith is a member of the famed Sierra Madre Search and Rescue Team.

July 11 at the Church of the Ascension, Sierra Madre, has been chosen as their wedding day by the engaged couple.

Your Council Speaks

about $9,000 to keep this account in balance. I don't know how we will manage to maintain our present level of library service next year. Our general fund tax rate can generate a maximum of only $255,000. (Our police department budget alone is currently $240,000 per year). Our volunteer fire department operates on a budget of $40,000 per year. A professional fire department would cost us an additional $200,000 per year which would amount to about 80c for $100 assessed valuation that we are spared in taxes.

What all this means is that we cannot go on with a $25,000,000 tax base, a continuing inflationary spiral and continue to provide the present level of services. There is no way to reduce our services as we are providing only essential ones now. We must remain competitive with surrounding communities if we are to survive as a city.

Our many years of watching the rest of the world go by while we tried to stay unchanged must come to a halt. I do not know how much our tax base must increase in order to provide some vrey important information in this area. When we develop our general plan it must show recognition of this problem and on the shoulders of your City Council rests the responsibility of implementing the plan.

Without indulging inspeculations on details of changes before us we can recognize that the increased tax base can come only from thre areas: 1) additional sales tax revenue from increased retail sales; 2) increased property and sales taxes from industrial or commercial output; and 3) increased property values through more intensive development of residential areas. The last named option would seem to be the key to our problem if we intend to retain anything resembling the city's present character. The formulation of these changes is in large part in the hands of the general plan study committees. Once incorporated in the general plan the City Council must accept its responsibility as the only agency that can implement the desired changes.

One of the ways we're contributing to cleaner air:

Locked in these fuel pellets, which contain uranium, is an incredible amount of energy.

For instance, one cubic foot of Uranium 235 will generate more electricity than 32 billion cubic feet of natural gas.

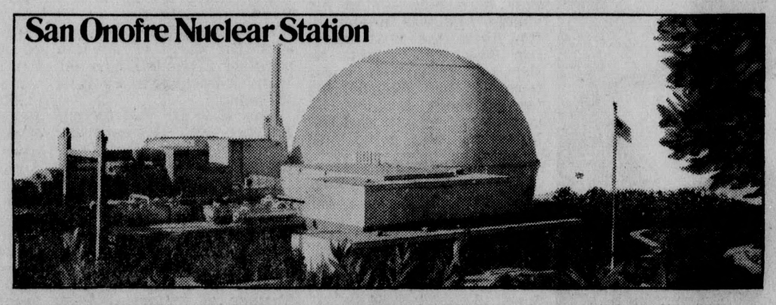

At Edison, we've been using uranium fuel pellets like these for the past two years. The energy they release spins the giant turbine that makes electricity at the San Onofre Nuclear Generating Station.

This peaceful use of the atom means a dependable source of low-cost electricity for our customers. It also means progress without adding to Southern California's environmental problems. With nuclear power plants, maintaining clean air is not a problem. Neither is radiation. No one has ever been injured by radiation from any commercial nuclear power plant in the United States. And plants have been operating for more than 12 years. After all, even President and Mrs. Nixon live next door to a nuclear plant when they're at the "Western White House" in San Clemente. It's less than 3 miles from San Onofre.

In the years ahead, Edison will build more nuclear power units to meet the critical need for more electricity — now doubling about every 8 years. Engineering and design work is underway now for two additional units at San Onofre. They are scheduled for commercial operation in 1976 and 1977. Thereafter, the only major generating facilities Edison will build in the South Coast Basin will be nuclear units. We make this commitment as part of our continuing efforts toward a cleaner, more attractive environment for everyone.

Earl Knowleses Observe 57th Anniversary

The week of June 4th will be a time long remembered by Mr. and Mrs. Earl T. Knowles. It was their 57th wedding anniversary and they spent the day as guests of their daughter and son-in-law, Warren and Betty Johnson at Disneyland. It was their first glimpse of this land of enchantment and dinner that evening was a treat at Knott's Berry farm.

Sunday, the 7th was a family dinner party given by Betty and her sister Margaret, (Mrs. Lester Anthony) with lots of help by Warren and Lester. Mr. and Mrs. Melfred Marmet from Duarte, Lance Corporal James Hale of El Toro Marine Base, Mr. and Mrs. Robert Burch from Camarillo, Mr. and Mrs. Robert Streiter, Pasadena and Mr. and Mrs. Steven Anthony, Sierra Madre were some of those who were on hand to celebrate the occasion with Earl and Tesa.

Reminder About Toy Loan's Summer Hours

The "Toy Soldiers" held their regular monthly meeting Wednesday, June 10, from 7-8 p.m. in the Toy Loan Building. Some of the girls signed up to work at the Kiwanis Breakfast, Saturday morning, June 13. This is a job they have done for several years and look forward to doing. Plans were made for the July 4th Parade and regular work schedules were made out for the next month.

Refreshments were served by Mrs. Lynne Eggars, the new "Toy Soldiers" chairman for the Civic Club and Mrs. Judy Cutler, the outgoing "Toy Soldiers" chairman.

Members present were Donna and Jean Blackman, Christine Boardman, Donna Drean, Maureen Gaughler, Elizabeth and Kathy Leahy, Ana and Martha Montalvo, Susan Sendyaz, Karen Smith, Donna, Ruth Ann and Sandra Starkey.

Toy Loan borrowers are reminded that Toy Loan hours change for the summer on Tuesday, June 23. It will be open on Tuesday and Thursday from 10 a.m. to 1 p.m.

Davis Graduates Receive Degrees

More than 1300 undergraduates at the University of California, Davis, are candidates for bachelor degrees to be awarded at the 1970 commencement exercises.

The degrees will be awarded at individual school and college ceremonies. Those from Sierra Madre receiving degrees are:

Jeffrey O. Morgan, English and Richard L. Shackleford, veterinary medicine.

Attend the Church of your Choice this Sunday; you will always meet your friends there.

Family Fiesta Set For June 28

Final plans for the 23rd annual Family Fiesta at the Passionist Fathers Mater Dolorosa retreat house, 700 N. Sunnyside, were announced today by Father Joel Gromowski, C.P., director. Beginning at 12 noon, Sunday, June 28, the free-admission gala family event will continue until 7 p.m.

The first Fiesta took place in 1947 as a day of recreation and entertainment for members of the Laymen's Retreat League, their families and friends. Now open to the general public, approximately 20,000 are expected to attend this year's affair.

An authentic ranch barbecue dinner will be served all afternoon with a special price reduction for the early bird dinner from 12 to 1 p.m. Other highlights will include free entertainment, a dance band, rides, and ponies for children and a carnival midway.

This is the one day of the year that retreat house doors are open to the general public. Guided tours will be conducted at the retreat house grounds, where annually over 3,000 men from all parts of southern California gather for weekend retreats.

Free parking for more than 5,000 cars with a continuous shuttle service to and from the fiesta area and retreat house will be provided. The annual fiesta is sponsored by the Mater Dolorosa Laymen's Retreat League.

Susan Scalzo, daughter of Mr. and Mrs. Joseph Scalzo 634 Valle Vista Drive was among the graduating class of the University of Southern California on June 4, 1970. She graduated Magna Cum Laude and majored in economics and was affiliated with the Delta Gamma Sorority.

Pasadena

Gerrish Swim Club Classes

Swimming lessons are now open for all ages at the Gerrish Swim Club, located at 2713 New York Drive, in Pasadena. "All ages" means from tiny tots, and children to adults. The Gerrish Swim Club specializes in children, ages one to six.

All instruction is supervised by Paul Herbert Gerrish, Ph.D., specialist in teaching Safety Swimming to young children. Individual attention is given by a staff of trained teachers. Dr. Gerrish and his staff have taught over 13,000 children and adults to swim. Instruction is given in two NEW swimming pools, open every day and evening. The children's pool is 90 degree temperature with a depth of 1½ to 3 feet with a reserved safety area for tiny tots, exercise bars and a water slide. In this atmosphere, beginners learn quickly to swim. The Recreation Pool is 83 degrees with a depth of 3 feet to 12 feet, is 75 feet long and 51 feet wide. There are tiled racing lane markers, a special diving wing and a water slide. Personalized instruction is given in the fundamental skills of swimming and elementary and competitive springboard diving. Special instruction is also offered to those who wish to swim with better form or competitively. Everyone is taught the basic strokes and safety skills necessary to make him feel at home in the water.

Swimming is the best exercise and everyone should know how to swim. Enrollments are being taken now, and visitors are welcome.

Four La Salle Seniors Given Special Awards

Four seniors from the La Salle High School have been selected to receive awards from the Institute for Advancement of Engineering. Those outstanding graduating La Salle seniors who were chosen to receive these awards are Peter J. Bukunt, 618 Sharon Road, Arcadia; Gregory E. Dananhauer, 1105 Monte Verde, Arcadia; Patrick A. Frey, 694 W. Highland Ave., Sierra Madre; and Gregory H. Peabody, 124 W. Magna Vista, Arcadia.

The awards are given annually to those students who have achieved a high academic standard and who have selected egineering as a profession for further study.

. . . Sierra Madre

COMMUNITY HOSPITAL

Late admissions to the Sierra Madre Community Hospital include the following: Leon Kadison, June 4; Loretta O'Connell and Deanne Davis, June 7; Rodney Sible, June 8; Gillien Wright, June 10; Vonzella Anderson, Edwin Godley, Jerry Poindexter, Ida Seabold and Dolly White, June 11.

Loenna Waldron and Hulda White, admitted June 3, were discharged June 5; Robert Salazar, admitted June 4, was discharged June 6; Patzy Brown, admitted June 7, was discharged June 10; Doris Pettingill and Helen Johnson, admitted June 9, were discharged June 11.

Other patients lately discharged include Andrew Bates, June 6; Susy Berdinner, Laurine Moseley, Elizabeth Duesing and Mary Roessner were all discharged June 12.

Mr. and Mrs. Robert A. Elwell of San Gabriel, were paid a visit by the stork which left them a baby boy on June 12.

Patients who wish are given an opportunity to write notes of comment on their experience in the hospital when leaving. Following are a few of the comments written by recent patients.

"Every member of the staff was so very nice to us. It is wonderful to have this hospital in our town."

"I was very much satisfied and enjoyed my stay."

"I was very much impressed with the Sierra Madre Community Hospital. I found it exceptionally clean, quiet and very hospitable employees."

"I found the nursing staff to be very kind and concerned about my well-being and that of my baby. It was truly a congenial atmosphere, and I was very relaxed and at ease because of the care I received."

"I would like to commend the nurse staff. They were excellent. I will send a letter of appreciation."

PERSONALS

TOMMY — I see where the City Council is really in a squeeze with their Budget this year; we knew it was coming didn't we? It will be easy to tell who is the favored son in Department heads from here on out. The BIG SWAP among Councilmen is about to start — BEATRICE

BUDGET COMMITTEE — Maybee a Volunteer Police Department is not as silly as you think; give it some serious thought. Put the reserves to work with responsibility — ML

MARION — You have placed your best foot forward; stay in that general direction and both of us will have very few things to worry about. Conditions prevent me from making contact until after July 6, but be ready I will meet you soon — SAM

PERSONALS

PURPLE SAGE — The die has been cast. There is absolutely no return to the peaceful, calm life of yesteryear. We have made our bed and must now lie in it. Isn't it wonderful. I will be with you always. Friday was out of this world — TICKLED PINK

RADIANT — June 22 will be the Grand Day of Opening for Guarantee Savings and Loan, now known to be at 85 West Sierra Madre Blvd. This will be a great date to remember for all Sierra Madreans, who will have a home-operated institution with high savings available and a closer institution for the borrowing of money for home building. Sierra Madre Money invested in Sierra Madre property will be a great step forward — BLISTFUL

ACE-IN-THE-HOLE — I cannot always agree with you. But this time I am afraid that you are more near right than a lot of people are thinking. Very little public opinion will be initiated in the $55,000 Master Plan that is now in progress. But as long as they think they are, who is to object. It will be interesting to follow, both of us are in it, so we will know when the crucial time has arrived — CUT-THROAT

GLORIA — I have had a lot of cleaning done in my lifetime and I have never experienced the craftsmanship that I have received from Vogue Cleaners and Laundry. In three and a half years I have not had one single complaint, and this means a lot to the "Lady of the House" who's charged with keeping the wearing apparel up to standards. Now you can have all of the family's sweaters cleaned for only 69c each. You have to admit, it is useless to look elsewhere for a bargain at top workmanship. Also to give the housewife a boost you can have 4 shirts beautifully laundered, in boxes or on hangers for only 99c. All of us must admit these are bargains that we must not pass up; but hurry, not much time left — SUSIE Q

PERSONALS

SOUP'S ON, the rug that is, clean with Blue Lustre. Rent electric shampooer for $1 at Arnold's Hardware and Gift Store, 297 West Sierra Madre Blvd. Just call 355-3365 and ask for BOB and your Carpet and Upholstery cleaning problems are all solved — OLIVER

YEAH, RUDOLPH — So you think it takes longer to answer a Fire Call at night than it does in the daytime. You should get out among 'em and find out just how much your Firefighters do for the community. Surely you are not thinking of a fully paid Fire Department for 14 night calls per year. Of course, with your knowledge you would think of this. Do be careful — TAXPAYERS

GOING, GOING GONE — will be the three members of the School Board when the election comes off this fall. People do not want their children bused nine miles away and they will attempt to stop it by voting you out of office. Hornbeck says signatures mean nothing; we will see if he still thinks this about crosses on the ballot. He should be making application for a new job, would be our thinking — COMMITTEE

HES — Do not desert me now, things are all in our favor and it looks like the wheel of time will solve all of our problems. I want to see you Thursday afternoon at the same place; say around 2:30. The way is all cleared — LAM

EDDIE — Watch those boys who will be meeting with you soon. They have ideas of pushing you in that well known corner. Give 'em the published facts, they cannot ignore them. Keep the general public well informed, they will back you as they did in the election. Hurray for the silent majority; they are pointing the way — PEPI

HONDA — I told you we would be in hot water if we persisted along the line that you wanted. What do we do now. I heard that we were Code 30; just what does that mean? I ask you again to please lead us out of the area before it is too late — CUSHMAN

MARG — Why not order your wedding invitations or announcements during June or July. "Forever Yours" is featuring 100 FREE Thank You Notes (Value $8 and up) with orders of 100 or more invitations. Call Alyce Herrold of Sierra Printing and Mailing, 355-6226 or 445-3644 for details — SUE

mond has had a wide range of experience in radio — "disc jockey, writer, comedy, programming, producer of shows, the whole thing."

But the law, he adds, was always something that attracted him. "The study and the work aren't easy," he says, "but it's fascinating and it's really wonderful being able to get into it."

"I would have started it a long time ago if I had known about the Glendale College of Law or a school like it."

Recall

the Sierra Madre News Office where petitions are available for signing.

At the present time it is assumed that the Recall Election will be submitted to the voters of the Pasadena Unified School District the fore part of September. Candidates against the present School Board will be expected to file as soon as the election is called by the Superintendent of Schools, sometime in the next two to three weeks.

The three board members sought to be Recalled are charged with not representing the majority of the people in that they did not appeal the decision of the Federal Judge.

Hinlein Paintings At Altadena Fed.

An exhibit of paintings by Beatrice S. Hinlein will be on display at Altadena Federal Savings beginning June 15. The display, which features both water color and oil renditions, will continue for weeks in the lobby of the Association's office at 2246 North Lake Avenue, Altadena.

A resident of Arcadia, Mrs. Hinlein studied at the Academy of Fine Arts in Pennsylvania, as well as with local artist, Robert Uecker. In addition, she has studied with Frode Dan, Jacoe, Richard Reubens, Edmonson and Hankins.

The artist has exhibited at the Orange Show, in Santa Paula, and in San Diego, where she received an award. Her own "one-man" shows have taken place at the Bank of America, Snow Galleries, Esquire Theatre, Pasadena Library and Arcadia Library. One of her water colors is part of a permanent collection of paintings on display in the Mayor's Office, City of Los Angeles.

Mrs. Hinlein is a member of the Los Angeles Art Association, as well as "Contempos," a group of semi abstract painters. Her career includes service as an art instructor with the Psychiatric Hospital in Pennsylvania and the Y.W.C.A. in Pasadena.

Graduating Class Achieves Top Scholastic Level 4

"Over 20 per cent of this year's graduating class of La Salle High School received State Scholarships or life memberships to the California Scholarship Federation," announced Brother John Nunes, Principal of La Salle High School.

"We are very proud that so many of our seniors not only attained a high academic standard, but also provided excellent leadership to the school and made many sginificant contributions to the community."

Those students receiving California Scholarship Federation Life Memberships were Thomas C. Bent, 1961 N. Roosevelt Ave., Altadena; Peter J. Bukunt, 618 Sharrn Road, Arcadia; Robert H. Clark, 3380 Monterey Road, San Marino; Michael G. Collins, 3195 Sunnyslope Blvd., Pasadena; Dale V. DiStefano, 33 Bonita St., Arcadia; Timothy J. Elfelt, 3555 Newhaven Rd., Pasadena; James L. Goetz, 482 Woodward Blvd., Pasadena; Dennis P. McManus, 2437 N. Holliston, Altadena; Paul I. Milinkevich, 1936 Fletcher Ave., S. Pasadena; Stephen M. Singer, 937 Palo Alto Drive, Arcadia; Robert A. Valencia, 2635 S. Tenth Ave., Arcadia; Juan E. Yoga, 41 Miramonte, Sierra Madre.

Students awarded California State Scholarships include Gregory S. Apparcel, 10240 E. Randwick Dr., Temple City; Thomas C. Bent, 1961 N. Roosevelt Ave., Altadena; Michael G. Collins, 3195 Sunnyslope Blvd., Pasadena; Paul T. Compton, 5450 Sara Mar Lane, Temple City; Thomas A. Conrow, 5708 Camellia, Temple City; Robert Cudlip, 1899 Rose Villa St., Pasadena; Dale V. DiStefano, 33 Bonita St., Arcadia; Daniel F. Finnerty, 956 Mount Curve Ave., Altadena; Francis J. Johnson, 931 Ednuel St., Arcadia; Stephen C. Kepher, 61 S. San Gabriel, Pasadena; Arthur J. McKeon, 1059 Monte Verde, Arcadia; Dennis P. McManus, 2437 N. Holliston, Altadena; Michael P. Sweetman, 1190 Hastings Ranch, Pasadena; Richard P. Tres, 258 Adams, Sierra Madre; Sean Turner, 1009 Foothill St., S. Pasadena.

Los Companeros Hold Installation

Members of the Los Companeros Club of Hastings Ranch enjoyed lunch last Wednesday at a nearby inn followed by installation of officers for the coming year, and the initiation of five new members. Nine guests were also present.

Mrs. Herbert Lacey will hold the office of president. Other officers include: first vice presidents, Mrs. Dale Sort and Mrs. Howell Poe; second vice presidents, Mrs. William Morzov and Mrs. Charles Bailey; secretary, Mrs. Richard Hanson, and treasurer, Mrs. Frank Colet. Appointed offices will be in the hands of Mrs. James Northern, Mrs. William Shaw, Mrs. William Hagen, Mrs. Al Pruitt and Mrs. Victor Bostwick.

Five new members were welcomed with corsages. These include Mrs. Albert Melendrez, Mrs. Frank Cummings, Mrs. William O'Neil, Mrs. Warren Cline and Mrs. Neil Brady.

Know . . . THE FOOD *You Eat*

by JEANNETTE

EDITOR'S NOTE: When her children were young and full of questions, Jeannette Heasley found herself looking up the why fores of the food her children ate and asked qustions about. She would write them down and after explaining them to the satisfaction of her children, filed them away for future questions. Now that her children are grown, she extracted them from the Heasley Archives and is sharing them with you in a weekly column

Today it is becoming increasingly harder to earn one's bread, and if things don't change soon many of us will be eating the bitter bread of sorrow. But man does not live by bread alone, so somehow he will survive. In these phrases we mean far more than bread. We mean food in general, and the wherewithal to buy it. In my younger days, we called money "dough," and today the slang for man's earnings is "bread." All of which simply means that bread is the staple food of the West. On the other side of the world "rice" has the same significance.

Half of the globe's population depends on rice, so the people of the East refer to it just as we refer to bread. When a Chinese tells you that he works for his daily rice he may be telling the literal truth.

There are about 7,000 different forms of rice, but all of them (except wild rice, which is part of a separate botanical family) are a kind of grass that botanists call Oryza sativa. During the centuries of its cultivation by man, changes in the size and shape of the grain have developed.

Today the commonest sort, paddy rice, is grown in water. But a quite different mountain or upland rice is cultivated by the Chinese who live in the hilly country where the water supply is limited. Upland rice resembles the other varieties in that it does best in a warm, humid climate. In China we find many kinds of rice — long-speared and short-speared, long-grain and pointed-grain, round-top and flat-top grains. Even the colors vary. Westerners think of all rice as white, but there are also ivory, red, semiviolet, brown and dappled black varieties. In the 17th Century there was an exotic type called "fragrant rice." — a special kind enjoyed by the aristocrats.

Rice can be classified into three divisions. The oval, rather starchy short grain rice has an excellent flavor and when cooked has the soft and moist texture the Chinese like. A long-grain, less starchy variety known as Patna rice is preferred for general use because the texture remains firm after cooking. The glutinous, or sticky rice which molds easily into fancy shapes is used only occasionally by the Chinese for sweets. The Japanese use this rice with pickled radish and fish, and sometimes on special occasions for decorative effects — tinting it and molding it into various shapes.

The Chinese claim that rice was first used in their country nearly 5,000 years ago. According to legend, the Emperor Shen Nung held a ceremony each year at the beginning of the planting season. He himself would plant rice seeds of the first and best quality, while his sons walked after him and planted four other varieties of the same grain. Thus the season was declared open and the population was free to follow the royal family's example.

However, if Shen Nung really existed, he cannot be given credit for introducing rice to mankind. The Indians did that. For thousands of years before the alleged dates of Shen Nung's

CARROT TOP

keep their portion of those services up to standard is something I could no longer stand in life.

— CT —

Actually it is pathetic to watch the ever growing crime rate and not have sufficient money to put on more men to curb it is really disheartening. Then there is Fire, over $17,500 short of the necessary money to keep the department up to top notch.

— CT —

The Police Department could use another $40,000 for additional personnel and still be just average. Salary increases for city employees to keep up with the ever increasing cost of living will run in the neighborhood of $54,000, and something will have to be drastically cut to find the money.

— CT —

It it absolutely terrible to think that Sierra Madreans will have ot pay $3,655,542 for taxes on Personal Property this next year and their own city will only receive about $550,000 of this amount. Other taxing agencies just slap an additional tax on Sierra Madreans, but the local population seems to scream their heads off when your city needs an extra dime, and Boy do you hear the screams when the Police do not answer "Pronto," or you do not have beautiful landscaping in City, or the streets are bumpy and the water pressure low.

— CT —

No, for love nor money, I would not consider taking the place of any of the City councilmen, they really have to be a deeply dedicated group to have their own personal worries and then take on the financial worries and abuse from the citizens.

— CT —

Not many of them, I will hasten to add, but enough to make life miserable for all Department heads and the members of the City Council. All of us should be more considerate and attempt to hep them as much as we can.

— CT —

In closing up things for the week we leave you with this age remark that I saw printed in a church bulletin . . . "A child cannot read the Bible in school, but it can be read in Prison." . . . Isn't this something, I hope, I hope, I hope.

Editorially Speaking

A Lot For a Little

The poet Horace, a few years before the time of Christ, wrote that "Life grants nothing to us mortals without hard work."

Horace couldn't have anticipated our welfare system.

However sincerely we want the needy to be provided for, something has gone awry with our system of doing it when welfare beneficiaries are better off financially than their working contemporaries.

A Massachusetts state regional welfare office has cited an example in its own area. According to the agency, the state's Aid for Dependent Children program affords a family of four a standard of living more than a thousand dollars higher than that of the family of the same size supported by the average wage-earner. The welfare family receivs the equivalent of $7,671.55 a year in direct payments, free medical and dental care, tax relief, subsidized rent and mortgage payments, and special insurance advantages. This also is some $4000 more than a minimum-wage family gets.

And to refute Horace further, Massachusetts' state welfare commissioner wants to boost the dole another $1,200 next year!

An Item On Ice

In this day the ingeninous promotion man Jim Moran made headlines by defying the old saying "as hard as selling an icebox to an Eskimo." He did it.

By by today's standards even Jim would admit he was a piker, if a pioneer. The Wall Street Journal forwards a report from the Association of Home Appliance Manufacturers that in 1969 Alaskans bought 3,231 refrigerators. Also 1,430 freezers and 133 room air conditioners.

(Yes, we know that very few Alaskans are Eskimos; but it seemed like a nice little item.)

★ ★ ★ ★ ★

A Century Behind

Anyone who wonders why government-run economies are never able to get into high gear has only to read a New York Times special feature by Bernard Gwertzman. Mr. Gwertzman reports that in the Soviet Union the population wastes about 30 billion man-hours a year in shopping — the equivalent of a year's work for 15 million men. All of this wasted man power is attributable to just one factor in the Soviet economy — the inefficiency of the retail distribution system.

Mr. Gwertzman, during his visit to Moscow, saw about 100 women waiting patiently for a new shipment of handbags to go on sale. Some waited in line for an hour only to find that the handbags sold out by the time they got to the counter. If it were only handbags on sale that caused long waits, there would be little cause for complaint, but the same delay and inefficiency reaches through every phase of the state-run Soviet merchandising establishment. Shoppers in the Soviet waste five to six times the amount of time it takes to actually buy an article. A recent study of Moscow stores revealed that, "This is because of long lines and because Muscovites — like the residents of many other cities — must visit not one, but three to five stores to buy necessary goods." The study went on to say that, "wide installation everywhere of self-service stores, not only for food but for manufactured articles" is the obvious solution. Also, the Soviet Union has not solved the problem of how to package goods. Only about 30 per cent of the food products sold in retail stores are packaged.

Obviously, the Soviet Union is about 100 years behind the times compared to the highly-efficient, capitalistic, retail, mass-distribution system of the United States where free competition requires each merchant to do his utmost to please his customers. Those who make careers of finding fault with the American system should visit the Soviet Union.

★ ★ ★ ★ ★

A Man Who Grew

Since the 25th anniversary of Franklin D. Roosevelt's death, the man who succeeded him has been getting almost as much space as FDR.

That's just Harry Truman. When the Presidential mantle fell upon him suddenly he said it felt as if it had been the whole sky. If he thought that was a shattering experience, think of one of his first decisions -- the atom bomb.

But the feisty little scrapper grew in office, as men sometimes do. He made some of the toughest decisions any President ever had to face. Some good, some bad. But he had pretty sound common sense; and no one ever accused him of lack of courage. He was petty with a music critic who didn't admire his daughter's voice; but he was big with the people when he went to them and won them over despite the wiseacres who said he didn't have a chance to beat Tom Dewey.

No Lincoln, he, nor did he pretend to be. He was just Harry "Give 'em Hell" Truman.

Revelation

The Mormon church has been under attack this past year for its basic tenet that Negroes of African lineage are not eligible for its priesthood. Stanford Univrsity, for example, dropped Brigham Young University from its interscholastic competition because of this, even though BYU has many Negro students and does not enforce any sort of segregation. The big Stanford hangup is that the school is operated by the Mormon church.

The Church holds that its policy is ordained by revelation from God and cannot be changed until there is a new revelation.

Well, it didn't come from God, but there has been a new revelation. From someone who frequently acts as if he thinks he is the Lord's messenger, at least in the field of Black militancy. We refer, of course, to Harry Edwards.

Edwards got his first glorification at San Jose State College by inciting black athletes to militate. He more recently has been beatified by the University of California (Berkeley, naturally) as a faculty member. His revelation?

"If Mormon dogma isn't changed by next year, anybody who goes with the BYU football team had better wear a hard hat and an asbestos suit. Whatever conference BYU is in, we will destroy."

And they always refer to Gabriel as blowing his horn!

SENSING THE NEWS

AROUND THE U. S. CAPITOL

In recommending a treaty under the provisions of which the United States would renounce all rights to undersea resources beyond the depth of 200 meters 218.81 yards)), the Nixon administration proposes the most colossal giveaway in the history of this country. It is hard to believe that President Nixon, in view of his strong national interest stand on many issues, has been fully advised of the implications and efffects of the treaty proposed by his administration.

The sea floor pact statement released by the White House said the proposed treaty would call for establishment of "an international regime for exploitation of seabed resources" beyond the 200 meter depth. This international organization would "provide for the collection of substantial mineral royalties to be used for international community purposes, particularly economic assistance to developing countries."

What must be impressed upon the American people is that the proposed treaty would deny to the United States vast wealth to which it is entitled and which it is particularly well equipped to acquire.

The United States is the leader in ocean technology, especially ocean engineering. Hundreds of taxpaying, free enterprise companies in the U.S. have devolped the equipment and the techniques for oil drilling and mining in the depths. Since 1946, more than 9,000 offshore wells have been drilled by companies. President Truman, in 1945, asserted American jurisdiction over the continental shelf, thereby assuring protection of a vital national asset.

But technology is moving at a rapid rate. The National Petroleum Council pointed out last year that within less than five years, technology will allow drilling and exploration in water depths of 1,500 feet (457 meters). Within 10 years, technical capabilities will allow drilling and oil producing in water depths of 4,000-6,000 feet (1,219-1,829 meters).

Given America's technological know-how and investment by American shareholders, this country should be able to develop a vast new source of wealth on the continental slope and adjacent ocean floor areas. These submerged lands, where there is "waiting wealth," are part of the North American continent. They just as much belong to the United States as the cold regions of Alaska. The American people are entitled to the wealth that lies off the coasts of the United States and that can be obtained by the know-how of U.S. free enterprise.

It would be tragic beyond words for this wealth to be turned over to an international regime for distribution to countries around the world, many of them incompetent to run their own affairs or antagonistic to the United States and it free society. It is hard to believe that the American people, considering their vital interests and real needs, want the country to propose or sign a treaty that would yield their assets to an agency of the United Nations or anything similar. Yet that is in the cards unless there is a strong grassroots protest.

The National Petroleum Council, in a definitive study of undersea resources, has said that "the continental shelf is the frontal edge of the submerged continent . . . it is the logical starting point for localizing the approximate outer limit of coastal-state jurisdiction." The Council said that the United States "should promptly and forthrightly assert (its) rights" over the continental slope and at least the landward portion of the continental rise. To do otherwise would be to deprive the American people of wealth to which they are entitled. The denial would be for all time.

It is dismaying and shocking that the administration failed to heed the words of the Council and instead has adopted a position virtually identical with the resolution advanced by Malta in the United Nations.

The mini-states of the world — and many of the large but dependent countries — see in internationalization of seabed resources an opportunity for unlimited and enduring subsidization of their regimes. This sub-

Senior Citizens Don't Meet Sat.

The Senior Citizens Club had an interesting and very enjoyable meeting on June 6. It was called to order by Pres. Pearl Patterson. Roland Ridgway gave the invocation and led the group in the Lord's Prayer, Pledge of Allegiance to Our Flag, "God Bless America" and "The More We Get Together." Hazel Cowart was welcomed back from her trip to Expo '70 and the Orient. She gave an interesting resume of her experiences. Lillian Herman reviewed the bus trip members of the club had to Big Bear and Arrowhead on June 3. Door prizes were won by Lillian Herman, Helen Wheeler and Maxine Miller. The generous bouquets of beautiful roses were brought by Flora Anderson and Lola Bullock. Appreciation for them was expressed by Pres. Pearl. Pearl. There will be no meeting on June 13 when the Kiwanis Club will use our facilities for their annual benefit breakfast. Lucile Pickett sold tickets for the affair. There were good reports of Bernice Olsen and Edra Thorson having successfully undergone surgery the past week. Members were invited to attend the festival being held today at the British Home. Tour chairman reviewed the trips previously announced; the next one being to Kellogg College on June 10. Two visitors, Lucille Edgerton and Elsie Walsh, newcomers to Sierra Madre were welcomed. Male members of the Senior Citizens Club extend a special invitation to men (55 years and older) living in the vicinity to visit and become members. The Club is an interesting group of loyal, friendly people. The next meeting will be on June 20 when birthdays in May and June will be celebrated. Regular meetings are weekly at 11:30 a.m. on Saturdays at Memorial Park House. Bring own sack lunch.

The program of the day was pesented by a group of Sweet Adelines of Arcadia, called the Ortical Illusions". They are a part of the national organization which is divided into districts. They meet for rehearsal at Holly Avenue School at 8:00 p.m. on Mondays. Their Their generous, inspiring entertainment ending with "This Is My Country" was thoroughly appreciated and enjoyed. Fortunately the Club can anticipate their entertainment again in December. A hearty "thank you" is extended to the following who took part in the program:

Nancy Maggio, Gloria Christensen, Ann Iorassi, Jan Flohr, Virginia Stewart, Marge Ahrens, Jean Sherman, Hazel Wauhime.

Two Complete Special Course

Thomas M. Thurston and James E. Cook of Sierra Madre have completed a thorough course in air conditioning theory and procedures, conducted by Day and Night Manufacturing Company in City of Industry.

Thurston and Cook are partners in the Sierra Madre Plumbing Co. of this community.

The company merchandises Day and Night heating and air conditioning products.

Upon finishing the course, the students received a "Certificate of Completion" which, according to training director, Merle Shaffer, "indicates that he has mastered an intensive program of specialized knowledge and is fully qualified as an expert in the air conditioning field."

Pony-Colt Wins Championship

The Pony-Colt Managers and Coaches were victorious for the second week in a row and won the championship in the recent softball tournament.

The first victory came on Memorial Day against the Sierra Madre Search and Rescue Team. Then on Sunday, June 6, the Pony-Colt Team led by Bob Jones defeated the Major League Managers and Coaches in a game that saw the lead change hands three times.

Offensive power was the difference with strong hitting by Steve Grijalva, Mike Johnson and Ray Barsden.

The Pony-Colt Team will give the Major Team another chance when they defend their title on the 4th of July, 2 p.m. at Heasley Field.

Letters To the Editor . . .

Dear Editor:

Government has always been man's greatest enemy. It always will be. Although government is usually instituted to serve man, it has a tendency to make man its servant. It was George Washington who said that government is like fire — a faithful servant and a fearful master. Like fire, the larger government becomes, the more difficult it becomes to control it. Knowing this, our Founding Fathers gave us a small, decentralized form of goevrnment — a republic.

Today we are continually sold the idea that, to foster progress, we must centralize our government so that it can supposedly serve us better. As government grows and becomes more centralized, Americans slowly lose more of their freedom. In this country today, government is becoming the master and the people it was instituted to protect are becoming the seravnts.

Southern Californians have just recently had a vivid example of the results of centralization. Six days ago they voted in a primary election. They still do not know the outcome of some of the races because seventeen precincts in two counties have not yet been located. Further, the voters have no way of knowing the results of their precincts because votes were not counted at their local polling place. They were taken to a "central" location for counting. Local control at the precinct level was sacrificed for so-called progress — computers.

If America is to remain free, more Americans better wake up and not allow the ballots to leave their precincts until the results of every race or issue are recorded at the local precinct. Protect your vote. Keep the ballot in the precinct.

— Richard E. Woodin

TAKE YOUR PROBLEMS TO CHURCH THIS WEEK—
millions leave them there!

FROM SEA TO SHINING SEA

Fourth of July, and, from sea to shining sea, our flag flies proudly. Across the nation, school bands parade, fireworks splinter, and hometown newspapers carry full-page dissertations on what it means to be an American.

And I wonder. In these troubled days of dissension and White House pickets, what *does* it mean? Does it mean free speech without responsibility? Does it mean moral freedom that lacks integrity?

To be sure, an American today is a citizen in a changing world; but the things that count have not changed. Inalienable rights still require us to account for our deeds.

As our ancestors migrated across this vast continent, the Church moved with them. It taught integrity, responsibility, and a calm strength in the face of danger.

In today's world of unrest and contention, the Church remains steadfast. The principles it teaches still point the way for us to be a "nation with liberty and justice for all."

THE CHURCH FOR ALL . . .
. . . ALL FOR THE CHURCH
The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
I Chronicles 29:10-19	Isaiah 61:8-11	Hosea 10:11-15	Romans 14:10-19	I Corinthians 8:1-13	Galatians 5:1-15	I Peter 5:6-11

With the hope that it will, in some measure, foster and help sustain that which is good in family and community life, this feature is sponored by the business firms and organizations whose names appear in this space.

P&R Lists Activities

Pool Open

The Sierra Madre Municipal Swimming Pool will be open daily for public swimming beginning on June 20. The pool will be open Monday through Friday 1:30 to 4:30 p.m., Saturday and Sunday, 1:30 to 6 p.m., and evenings Monday, Wednesday, and Friday, 7:30 to 9:30 p.m. Adult swim is Tuesday, 8:30 to 9:30 p.m. The cost is 50c for adults and 25c for Juniors 18 and under. A family pass good for unlimited swims can be purchased for $15 for the season and individual passes are $7.50. Please call 355-7135 for information.

Openings Available

The Sierra Madre Parks and Recreation Department still has openings in Recreation programs which begin the week of June 22. Classes offered are drama, arts and crafts, tumbling, creative dance, folk guitar, tennis, boys' summer baseball league. Signs-ups are taken daily at the Recreation Department at City Hall, 8 a.m. to noon and 1 until 5 p.m. Call 355-7135 for information.

Last Call

This is the last call for entries for the Sierra Madre July 4th Hometown Celebration Parade. The parade will be held on Saturday, July 4, beginning at 10 a.m. The parade will move from Sunnyside Ave., east on Sierra Madre Blvd. to Sierra Vista Park. All entries must preregister at the Recreation Department by Friday, June 19, at 5 p.m. Late entries will not be accepted. Call 355-7135 for information.

Drop-Ins Begin

The Sierra Madre Teen Club Drop-ins at the Community Recreation Center on Monday, June 22. The center will be open Monday through Friday, 1 p.m. until 5 p.m., Monday through Thursday, 7 to 10 p.m. and the second and fourth Fridays of the month from 7 to 10 p.m.

Pool, ping pong, tumbling, volleyball, chess, checkers and a casual social atmosphere will be offered. The program is open free to Sierra Madre teens who have a Sierra Madre Teen Club membership card. For information or Teen Club cards, call 355-7275 any evening.

Attend the Church of your Choice this Sunday; you will always meet your friends there.

News of Youth Baseball In Sierra Madre

The Little League and Pony League began April 25 with opening day ceremonies at Heasley Field. Booster Award winners of the year are Josh Maddox, Padres; Ashleigh Buchan, Cubs; Jim Hollway, Pirates; Joe Cruz, Twins; Bill Cabot, Stars; Kirk Talbott, Cubs; Greg Bauer, Astros. The winning team, awarded a trip to Dodger Stadium, is the Cubs.

In season play during the past week, the Minor League Orioles, sponsored by Richter Builders and Sycamore Movers, beat the Adkins Insurance Angels to bring these teams to a tie for first place with the VIP Travel Astros, having 9 wins and 2 losses each. Best Buy Drugs Colts have a 6 and 5 record, VFW Mounties and Tornomatic Padres are tied for third with 4 wins and 7 losses. Ralph's Shoes Seals are 3 and 8 with the First Western Bank Stars in last place with 1 and 10. Home runs in the Minors have been hit by Scott Delahooke, Astros, credited with 2 (one of them a grand slam), and Jack Gordon of the Angels.

In the Major League, the Shell Station Red Sox are leading with an 11 and 2 record. Foxton's Dodgers are 8 and 4; Youngland Indians have 6 and 6; Arnold's and Roess' Braves ae 5 and 7; Hartman's Pharmacy and Gem Plumbing Yankees are in 5th place with a 4 and 8 record and the Fire Dept. Cubs are trailing with a 3 and 10 record. Leading in the home run department is Mark Dare of the Indians with 4 (2 hit in one game); Jeff Scarf of the Dodgers has hit 3; Fred Scott, Indians, 2; Richard Krol, Indians, 1; Phil Soloman, Red Sox, 1; Benza of the Yankees, 1.

With five games left to play, the Scott Tours Pirates are leading the Pony League with a 9 and 3 record followed by the Kiwanis Club Tigers with 6 and 5; Wisteria Optimist Reds are 6 and 7, and the Lions Club Twins are 4 and 10. Ken Biely of the Twins has one home run.

By supporting your local merchant you help to reduce property tax. He is always there to help you.

First of Four Bridge Luncheons

Shakespeare Club's Philanthropy Department will hold the first of four bridge luncheons on Thursday, June 25 at 11 o'clock. Mrs. Florence Morris will open her home for the delightful event. Mrs. G. G. Brubaker is luncheon chairman. Mrs. Harvey H. Gunn president of the Shakespeare Club, Mrs. Langdon H. Tannehill, vice president, and Mrs. Wesley W. Witter, director of the Philanthropy Department will be honored guests.

Reservations should be made by the previous Monday with Mrs. Frederick Kreft, 797-4170 or Mrs. Peter H. Ulrich, 798-2942.

Neighbors . .

The Sierra Madre Public Library invites all reading age children of Sierra Madre to join the "Out of This World" Summer Reading Club. Members will blast off on their summer voyages the week starting June 22, and may earn a certificate by reading a minimum of one book per week for any six of the ten weeks that the club continues; August 28 is the last splash-down date. Using books for fuel and recording titles in a log, the astronaut-club members will see his name on the bulletin board tracing the course of his flight. The certificate is awarded upon completion of his mission. Mrs. Gloria Hinshaw, children's librarian, reminds every one that flight time is any day except Sunday in the Children's Room of the library, between the hours of 10 a.m. and 6 p.m. She says: "Come and fly with us."

Mrs. Estelle Carr

at hearth, birthday lady received many lovely cards and presents. Even her birthday cake was a present, from Mr. Carl Schultz of Tom's Bakeries.

Mrs. Carr has been living at Parkwood since December 24, 1966.

First Concerts

The group is planning an almost completely patriotic program for the concert of July 3, and at a later date — a "Pops" Concert, in which they will attempt to trace the history of jazz — from the "blues" of a hundred years ago, up to the music of the present.

This band is under the sponsorship of the Recreation Department, and made up of adults and youths from Sierra Madre and the surrounding area. Its purpose — to bring entertainment and culture to the city of Sierra Madre.

Make it at date, to come out and support your Community Band on the following dates: June 19, July 3, July 17, July 31, and August 14. You might find that you really enjoy it.

D. of B.E. To Hold Meeting

"Killarney" Chapter of the Daughters of the British Empire in California, Inc. will hold their regular monthly meeting at 8 p.m. at the British Home (recreation room), 647 Manzanita Ave.

The meeting will be conducted by the Regent, Mrs. Amy Westwood, and refreshments will be served after the business session. This will be the last meeting of the season; they will meet again in September. Hostesses for the evening will be Mrs. Amy Westwood and Mrs. Wilma Taylor.

Inaugurated In 1969

First Western Bank Now Promoting Auto Leasing

First Western Bank, the only major statewide bank in California to actively promote its car lease consumer program, has embarked on a special six weeks' program emphasizing the service in each of its more than 90 branches.

The direct automobile leasing service was inaugurated during the latter part of 1969 at First Western. According to the administrators of the program and the many consumer finance officers throughout the branch system, the car lease has been received well by California consumers and has so far exceeded expectations.

According to local bank officials here, First Western's car lease plan offers a number of advantages, the primary one being the possibility of saving some $200 on each new car lease. The bankers attribute this to the fact that a $950 million institution can create greater purchasing power than a single individual and can consequently offer the consumer a better buy than he may be able to procure for himself. Of course with car leases, no down payment is necessary, and in many cases the month-to-month payments are smaller than financing charges would be in the purchase of a new car.

Bank consumer finance men also point out that a determining factor in the cost of lease is the resale value of the car itself, once the lease is completed. This means that people are better off with better quality cars in many cases. There is, too, the additional convenience of being able to turn the car in with no "balloon" payments at the end of the leasing period. The customer simply returns the car to the bank.

The bankers also noted that the members of the California public who are most likely to benefit from a car lease rather than purchase of a car are those who are accustomed to tavelling, who want or need a new mode of transportation every two or three years, who have good credit and who prefer not to tie up their capital in a commodity where depreciation value is high.

During this present car lease promotion at the bank, each branch which signs on a total of six new car leases, will receive a patio refrigerator as a prize.

Fire Call

rival of the men and equipment the fire was determined as out, or no fire at all. Smoke from a fireplace which was assumed to be clogged, filled the home with smoke and it was assumed that where there was smoke there must be a fire.

First Assistant Chief Tyler released the men and equipment at 2:20 to return to the station and prepare for the next call. No damage was listed, and only a smoke ejector was used at the scene of the fire call. 18 regular Firefighters answered the call.

44 calls had been recorded at this time a year ago.

85 West Sierra Madre

It took awhile men but we found a nice little place for Sierra Madre's own Savings and Loan Association, **Guarantee Savings. 85 West Sierra Madre Boulevard,** (two doors West of City Hall). That sounds nice, doesn't it? **85 West Sierra Madre,** it's like music to the ears. Just as the interest rate **Guarantee Savings** pays on savings accounts, is also music to the ears.

O.K., let's get things in shape for the GRAND OPENING. Move that office equipment carefully. It's one of the things that help to give fast service. You, Dave, carry the INSURED sign in. Watch it! People want to know their money is safe when they open a savings account. Sam, do you have all of the interest signs made? Good. Now everybody will know that **Guarantee** has a savings plan to fit their needs, from $1 to $100,000. Franklin, be sure and put plenty of water around the tree. Everything has to be just right when we announce we are open for business.

Will you guys stop flipping that coin to see if we are going to make it by July 1st. If you'd get busy we could probably make it before then. Remember folks, you saw it here. Should we be late, blame it on them.

O.K. Charlie, you and Pete get the **Guarantee Saving** signs out of the truck. I want one put up on the front of the building and one by the ramp leading from the parking lot in the rear. You WHAT? FORGOT THEM! OOOOOOHHHHHH. NNNoo. Folks, if there's isn't a **Guarantee Savings** sign up when we tell you we are open, and you come to see us, just keep saying . . . **85 West Sierra Madre, 85 West Sierra Madre, 85 West Sierra Madre,** two doors West of City Hall.

The Food You Eat

reign, they had been growing and eating a wild grass called "newaree," the ancestor of the rice plant we know.

Travelers carried rice seeds far and wide and the grain spread through China and on to other countries of the Far and Middle East, reaching Egypt by the Fourth Century B.C. The Saracens brought it to Spain, from where it spread throughout Europe. Italy began growing rice in the 15th Century, and it became so popular there that in some districts it nearly displaced pasta.

Slowly it moved north to the British Isles, but was not common in the diet when the English first colonized America. In the middle of the 17th Century some Virginians tried to grow rice but failed. For years after it was believed that rice would not live in America. In the 1690's a ship bound for Liverpool from Madagascar, put into Charlestown South Carolina for repairs. The city fathers went aboard to pay a social call, and one of them, on learning that part of the cargo was unhulled rice, obtained a small bag of the grain for an experiment. He planted it in swampy land where it flourished so well that the yield was almost enough to feed the whole colony. After this the Americans imported shipload after shipload of seed rice.

Today the United States devotes some two million acres to rice culture and produces over eight billion pounds of the grain a year. This is far more than we eat, for the average American consumes seven pounds a year. The Chinese eats at least a pound a day and the Japanese about half as much. The principal rice-growing states are California, Texas, Louisiana, Arkansas, Mississippi and Missouri. California leads with 5,000 pounds per acre, though the world average is only 1,450.

Support your local merchant — buy locally.

Crib Crop . . .

Congratulations go to Mr. and Mrs. Daryll Dimit of 428 Sycamore Place on the birth of their second child, a girl, on June 3 at the Arcadia Methodist Hospital. Kind of evens things up as last year (January 3) they were blessed with a boy. Sorry, no names, birth weights or proud grandparents can we mention, as that's all the information we have.

Second born to Dennis and Lynne Smith of 304 Sycamore Place arrived June 4 at the Arcadia Methodist Hospital. The delightful 'sugar n' spice' variety named Diane Marie weighed five pounds ten ounces at birth. She has a 'big sister,' Shellee Lynne who was two years old this last March 23. Maternal grandmother is Mrs. Lee Carter of Pasadena and the paternal grandparents are Mr. and Mrs. George Smith of Pasadena. Dainty Diane and her mother arrived home from the hospital on June 7 and mother stayed around long enough to make introductions, give Diane her first 'at-home' bottle before letting her husband chauffer her to the Loma Linda Hospital for a five-hour eye operation. Operation had been put off until after Diane's birth. A variety of wishes and greetings are in order here including Congratulations, Welcome, and Best Wishes for a Speedy Recovery.

By supporting your local merchant you help to reduce property tax. He is always there to help you.

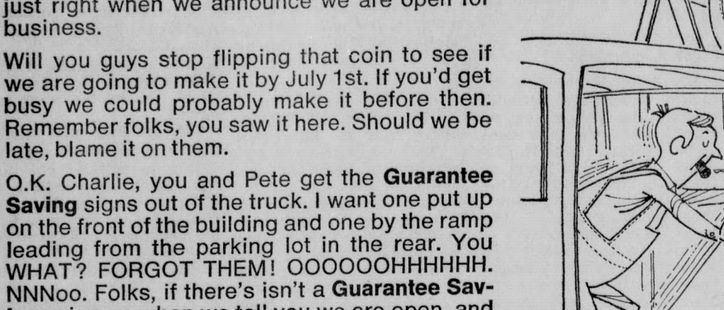

Attend the Church of your Choice this Sunday; you will always meet your friends there.

Children used to play here.

They still do.

We have the appropriate card to carry your sentiments of Congratulations and very best wishes all by . . .

Serving the Foothill Communities

Our backyard wasn't much to look at when we bought it in 1954.
So we changed it.
Working with our neighbors, we carted away the debris of decades. Re-shaped the face of the land. Planted shrubs and trees and grass and ivy.

We use our backyard. We store natural gas in the sand formations below, as a reserve for Los Angeles and Southern California. Where we must have equipment, we cloak it with bushes and trees.
We're particularly pleased that we have many more neighbors. Our work has attracted not just admiration, but friends.
And kids.

SIERRA MADRE NEWS

RESOLUTION NO. 70-41

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF SIERRA MADRE, CALIFORNIA; DECLARING ITS INTENTION TO ORDER CONSTRUCTION IN FOOTHILL AVENUE; DESCRIBING THE PROPOSED IMPROVEMENT; SPECIFYING THE EXTERIOR BOUNDARIES OF THE DISTRICT TO BE BENEFITTED BY SAID WORK AND TO BE ASSESSED TO PAY THE COST AND EXPENSE THEREOF; DESIGNATING SAID DISTRICT AS ASSESSMENT DISTRICT NO. 93; DETERMINING THAT THESE PROCEEDINGS SHALL BE CONDUCTED PURSUANT TO THE IMPROVEMENT ACT OF 1911; AND FIXING A TIME AND PLACE FOR HEARING OBJECTIONS THERETO.

THE CITY COUNCIL OF THE CITY OF SIERRA MADRE, PURSUANT TO THE PROVISIONS OF THE IMPROVEMENT ACT OF 1911, BEING DIVISION 7 OF THE STREETS AND HIGHWAYS CODE OF THE STATE OF CALIFORNIA, DOES RESOLVE AS FOLLOWS:

DESCRIPTION OF WORK

SECTION 1. That the public interest and convenience require and it is the intention of the City Council of the City of Sierra Madre, California, to order the following work to be done, to wit:

Installation and construction of sanitary sewers, house laterals and appurtenant items in the manner, means and to the extent shown on map on file in the office of the City Clerk entitled Assessment District No. 93.

LOCATION OF WORK

SECTION 2. The foregoing described construction and improvement is to be located in Foothill Avenue between Grand View Avenue and Acacia Avenue.

PLANS, PROFILES, DRAWINGS AND SPECIFICATIONS

SECTION 3. All of the said work and improvements to be done shall be constructed upon the grades, along the lines, between the points, of the dimensions, at the places and in the manner shown on the plans, profiles and drawings and specifications for the construction of said improvements in and along the public streets and rights-of-way above described, as approved by Resolution No. 70-40 on file in the office of the City Clerk of said City; and to which map, plans and specifications reference is hereby made for further, full and more particular description of said work, and said map, plans and specifications shall govern as to all details thereof.

DESCRIPTION OF ASSESSMENT DISTRICT

SECTION 4. The City Council hereby makes the expenses of the said work and improvement, chargeable upon a district, which said district the said City Council hereby declares to be the district assessed to pay the costs and expenses thereof, and which district is described as follows:

All that certain territory of the City of Sierra Madre, exclusive of public streets and alleys, included within the exterior boundary line shown upon that certain "Map of Assessment District No. 93," heretofore approved by the City Council of said City by Resolution No. 70-40 indicating by said boundary line the extent of the territory included within the proposed assessment district, and which map is on file in the office of the City Clerk of said City.

Reference is hereby made to said map for a further, full and more particular description of said assessment district, and the said map so on file shall govern for all details as to the extent of said assessment district.

DESCRIPTION OF BONDS

SECTION 5. Serial bonds, bearing interest at the rate of seven per cent (7%) per annum, shall be issued to represent each assessment of Fifty Dollars ($50.00) or more, remaining unpaid for thirty (30) days after the due date as set forth in Section 5390 of the Streets and Highways Code. Said serial bonds shall extend over a period ending nine (9) years from the second day of January next succeeding the next September first following their date. Payments on the principal of unpaid assessments and interest thereon shall be made by property owners to the City Treasurer, and the same shall be disbursed by said City Treasurer, all as provided in the "Improvement Act of 1911," herein referred to. Pursuant to Section 6442 of the Streets and Highways Code, the first one per cent (1%) penalty shall be retained by the City Treasurer — all subsequent penalties shall be paid to the bondholder.

TIME AND PLACE OF HEARING

SECTION 6. NOTICE IS HEREBY GIVEN, that on the day of July 14, 1970, at the hour of 7:30 p.m., in the Council Chambers of the City Council in the City Hall at 55 West Sierra Madre Boulevard, in the City of Sierra Madre, any and all persons having any objections to the proposed work or improvement or to the extent of the assessment district, or the proposed grades, may appear and show cause why said work should not be done or carried out or why said district should not be formed in accordance with this Resolution of Intention. Protests must be in writing, and must be delivered to the City Clerk prior to the time set for the hearing.

ESTIMATED COSTS

SECTION 7. The Engineer of Work has estimated the costs of such work and improvement at $21,100; and miscellaneous incidental expenses and costs of these proceedings as authorized by the Improvement Act of 1911 at $7,070; for a total estimated cost of $28,170.

SECTION 8. The City Council finds that the provisions of Division 4 of the Streets and Highways Code have been waived by petition.

NO PRIVATE CONTRACT

SECTION 9. In accordance with Section 5260 of said Streets and Highways Code, the City Council hereby determines that the public interest will not be served by allowing the property owners to make any of such improvements, and accordingly any and all private contracts for such work are prohibited.

SECTION 5104 WORK

SECTION 10. The City Council determines that the public interest requires and it will be more economical to do certain limited corrective work on private property to the extent authorized by Section 5104 of the Streets and Highways Code.

SPECIFICATION DETAIL

SECTION 11. The structures, work and improvements described herein shall be constructed to the grades, sub-grades and elevations severally shown upon the plans and profiles and detailed drawings thereof in the respective locations thereof, to which plans and profiles reference is hereby expressly made for a description of the grades to which all of the work and improvements under this Resolution of Intention shall be done, which said grades are hereby adopted and established as the official grades therefore for all purposes in connection with proceedings pursuant to this Resolution of Intention; notice is hereby given that said grades are or may be, in part, new and different from existing ground levels.

The plans and specifications, profiles and detailed drawings and diagrams accompanying the same, are hereby expressly referred to for full and detailed description and location of said work and improvements, the public streets and right-of-way involved, and the grades of the public streets and rights-of-way involved, and the grades to which said improvements are to be constructed;

There shall be excepted from all of the herein described work all of said work that has already been done to the lines and grades shown on said plans and profiles, and in accordance with said plans and specifications;

All of said work shall include, without duplication, any and all streets, intersections, terminations and opposite termination occurring within the limitations of said work;

All of said classes of work above described may not be constructed upon all of the streets and/or public ways above described in their entirety, but only upon the particular locations as shown on the plans and specifications;

The improvement includes all appurtenant work, including trenchings, pipes, supplies, equipment, fittings, grading, excavation and fill, removal of obstructions, connections, backfilling, reconstruction, repaving and restoration.

IMPROVEMENT ACT OF 1911

SECTION 12. All of the work herein proposed shall be done and carried through in pursuance of an Act of the legislature of the State of California, designated the "Improvement Act of 1911" being Division 7 of the Streets and Highways Code of the State of California.

PUBLICATION OF RESOLUTION OF INTENTION

SECTION 13. The Sierra Madre News, a newspaper printed, published and of general circulation in the City of Sierra Madre, California, is hereby designated as the newspaper in which this Resolution of Intention and all publications in connection with these proceedings shall be published by the City Clerk in the form provided by law.

MAILING OF NOTICE

SECTION 14. The City Clerk is directed to mail notices of the adoption of this Resolution of Intention to all persons owning real property proposed to be assessed in these proceedings, whose names and addresses appear on the last equalized assessment roll for taxes, all in the manner and form provided for under Sections 5070, 5194, 5195, and 5197 of the said "Improvement Act of 1911," of said Streets and Highways Code.

POSTING OF NOTICE OF IMPROVEMENTS

SECTION 15. The Superintendent of the Streets of the City shall cause to be conspicuously posted along the line of said contemplated work or improvement and along all open streets within the district liable to be assessed for said work, notices of the passage of this Resolution of Intention in the time, form, and manner provided by said Streets and Highways Code.

CERTIFICATION

The City Clerk shall certify to the passage and adoption of this Resolution and it shall thereupon take effect and be in force.

APPROVED and ADOPTED this 9th day of June, 1970.

John Simons
Mayor of the City of
Sierra Madre, California

ATTEST:
L. Marie Warfel
City Clerk

I hereby certify that the foregoing Resolution was adopted by the City Council of the City of Sierra Madre at a regular meeting held on the 9th day of June, 1970, by the following vote of the Council:

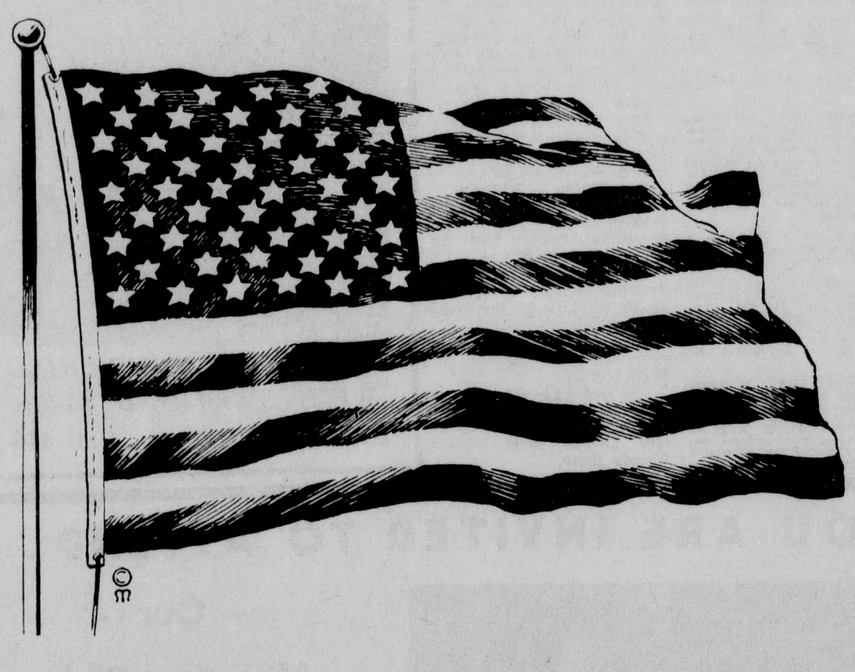

AYES: Councilmen Rudolph, Simons, Rule, Abernethy.

NOES: None.

ABSENT: Councilman Hartman.

AMERICAN BANNERS CLEANED

Let OLD GLORY Wave!

Free! ANYTIME

As A Public Service By . . . .

Pantorium

Drive-In Cleaners

330 W. Sierra Madre Blvd. at Lima 355-6474

3 Generations of Professional Drycleaners

"Mom, how can you get so upset about drugs when you really don't know a thing about them?"

DEPRESSANTS – "DOWNERS" "STUMBLERS"

BARBITURATES

Seconal Secobarbital — "Red Devils"

Nembutal Pentobarbital — "Yellow Jackets"

Tuinal Amo- with Seco- Barbital — "Rainbows"

Amytal Amobarbital — "Blue Heavens"

DEPRESS THE CENTRAL NERVOUS SYSTEM (BRAIN AND SPINAL COLUMN)

THESE ARE ALL DANGEROUS PRESCRIPTION DRUGS (SLEEPING PILLS). They are the most commonly found barbiturates on the illegal "street market".

BARBITURATES ARE HIGHLY ADDICTIVE – Physical addiction - "Physically Hooked"

The user will:

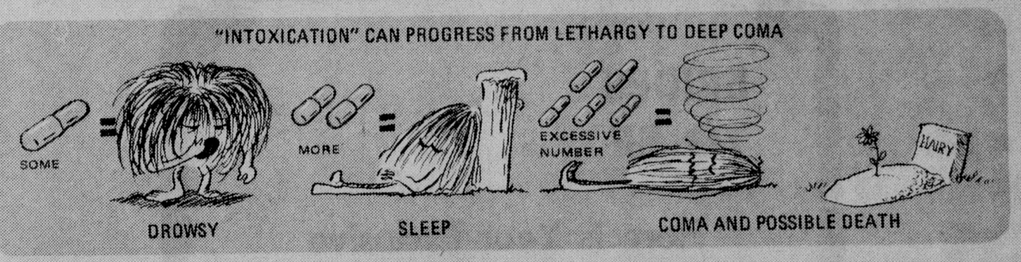

Require increased dose regularly - because body builds tolerance.

Be depressed, drowsy with slurred speech.

Become psychologically dependent ("mentally hooked") as well as addicted (physically hooked).

Suffer withdrawal pains if dose not available - nervousness, tremors, convulsions, delusions, hallucinations and delirium.

"INTOXICATION" CAN PROGRESS FROM LETHARGY TO DEEP COMA

DROWSY — SLEEP — COMA AND POSSIBLE DEATH

Synergistic Effect: Synergistic means combined effects plus the effects of the combination:

"BOOZE & BARBS" can kill | (Alcohol) + | (Barbiturates) = ? Chemical Roulette!

BARBITURATES WHEN COMBINED WITH ALCOHOL CAN BE DEADLY. INTENTIONAL OR ACCIDENTAL DEATH CAN RESULT.

In L.A. County, more people committed suicide with barbiturates than with guns.

SOURCE: Some barbiturates are obtained by youth from medicine chests, but the vast majority of barbiturates are obtained from the "street market": made legally in the U.S.A., sold legally to a Mexican firm, and reappear back in the U.S.A. on the illegal "street market" within 6 months from the time they are made. They cost approximately .25 each.

VOLATILE CHEMICALS are also classified DEPRESSANTS – glue, cleaning solvents, gasoline, some spray cans and many more household chemicals are proving to be deadly. With frequent use they may cause brain damage and even death.

SOURCE: Home and Local Stores.

ORDINANCE NO. 857

AN ORDINANCE OF THE CITY OF SIERRA MADRE ENACTING AN INTERIM ZONING ORDINANCE PURSUANT TO THE PROVISIONS OF SECTION 65858 OF THE GOVERNMENT CODE OF THE STATE OF CALIFORNIA, THEREBY TEMPORARILY AMENDING SECTION 9511 OF THE SIERRA MADRE CITY CODE RELATING TO OFF-STREET PARKING

THE CITY COUNCIL OF THE CITY OF SIERRA MADRE DOES ORDAIN

SECTION 1. The City Council finds and determines that it is necessary and appropriate to enact this ordinance as an interim zoning ordinance pursuant to Section 65858 of the Government Code of the State of California, for the reason that the Planning Commission of this City has currently undertaken studies to enact a comprehensive off-street parking amendment to the existing Zoning Code of this City, and that pending such studies and action thereon, the amendments hereinafter set forth appropriately safeguard the City during the interim period.

SECTION 2. This ordinance shall remain in effect for 90 days after its adoption unless thereafter extended pursuant to the provisions of Section 65858 of the Government Code. During the pendency of this ordinance, no person shall violate the terms hereof, nor shall any building permit be issued in violation hereof, all existing sections of the Sierra Madre Zoning Code which are inconsistent herewith are temporarily suspended. When this ordinance expires, any and all provisions of the Sierra Madre City Code suspended by the effect of this ordinance shall again be in force and effect.

SECTION 3. Section 9511 of the Sierra Madre City Code is hereby amended to read as follows:

Section 9511. Parking Spaces Required.

The number of off-street parking spaces required shall be no less than as set forth in the following:

Automobile courts (motels) — 1 for each sleeping unit or dwelling unit.

Bowling alleys — 4 for each alley

Business, general — 1 space for every 300 square feet of gross floor area for any of the following:

Art and Antique Shops
Automobile Agencies
Banks
Savings and Loan Associations
Barber Shops
Beauty Shops
Book or Stationery Stores
Furniture Stores
Gift Shops
Hardware Stores
Insurance Agencies
Jewelry Stores
Laboratories
Laundries, Self-Service
Libraries
Catering Establishments

Clothes or Wearing Apparel Shops
Confectionery Stores
Custom Dressmaking or Millinery Shops
Dancing Academies
Decorating or Drapery Shops
Dental Offices
Department Stores
Drugstores
Dry Goods or Notions Stores
Employment Agencies
Feed and Fuel Stores
Flower Shops
Stock Brokerages
Studios, Art and Music
Tailor Shops
Ticket Offices
Markets and Shops, Food (Retail) including: fish, meat, produce, liquor, delicatessen and bakery goods
Medical Offices
Offices, Business and Professional (except otherwise specified)
Paint or Paperhanging Shops
Pet Shops
Photographers
Post Offices
Radio or Electrical Appliance Stores
Real Estate Offices
Second Hand Stores
Shoe Repair Shops
Shoe Stores
Stores, Retail Business (except otherwise specified)

Churches — 1 for each 5 seats or 1 for each 100 square feet of floor space used for assembly and not containing fixed seats.

Dance Halls — 1 for each 50 square feet of gross floor area used for dancing.

Dwellings, one- or two-family or multiple — 1 for each dwelling unit, provided that in the R-S and R-P Zones there shall be provided two parking spaces for each dwelling unit. (Ord. 687 — August 20, 1962.)

Establishments for the sale and consumption on the premises of food and beverages:

Having less than 4,000 square feet of floor area — 1 for each 100 square feet of gross floor area.
Having 4,000 square feet of floor area or more — 40 plus 1 for each 50 square feet of gross floor area in excess of 4,000 square feet.

Hospitals — 1 for each bed

Library stations and museums — 1 for each 500 square feet of gross floor area.

Manufacturing uses, creameries, bottling establishments, bakeries, canneries, printing and engraving shops — 1 for each 500 square feet of gross floor area.

Mortuaries or funeral homes — 1 for each 50 square feet of floor area of assembly rooms used for service.

Motor vehicle, machinery sales or wholesale stores — 1 for each 1,000 square feet of gross floor area.

Offices not providing customer services on the premises — 1 for each 500 square feet of gross floor area.

Rooming houses, lodging houses, clubs and fraternity houses having sleeping rooms — 1 for each 2 sleeping rooms.

Sanitariums, children's homes, homes for aged, asylums, nursing homes — 1 for each 3 beds.

Schools — 1 for each 2 employees.

Stadiums, sports arenas, auditorium (including school auditoriums) and other places of public assembly and clubs and lodges having no sleeping quarters — 1 for each 3 seats and/or 1 for each 100 square feet of floor area used for assembly and not containing fixed seats.

Theatres — 1 for each 5 seats up to 800 seats plus 1 for each 8 seats over 800 seats.

Transportation terminal facilities — adequate number as determined by the Planning Commission.

Warehouses and storage buildings — 1 for each 5 employees.

SECTION 4. The City Clerk shall certify to the adoption of this ordinance and shall cause the same to be published once in the Sierra Madre News, a weekly newspaper of general circulation, published and circulated in the City of Sierra Madre.

APPROVED and ADOPTED this 9th day of June, 1970.

With Our TEENS

by Marilyn Williams

As you know, we have drops-in at the Community Recreation Center for all of the Teen Club members. At thes, drop-ins the teens can play pool, ping pong, do homework, eat, and there are also mats for gymnastics. If you don't really care to do anything, it's just a fun place to see your friends.

This summer, the times will be changed. This is the summer schedule:

Mon.-Fri. — 1-5 p.m.
Mon.-Thurs. — 7-10 p.m.

On the second and fourth Fridays of each month, the Recreation Center will be open from 7 to 10 p.m.

One more new item for drop-ins is free swimming on Wednesdays for the Teen Club members.

Have a lot of fun this summer being active in Teen Club.

Attend the Church of your Choice this Sunday; you will always meet your friends there.

Urban League To Guide Parents

Parents of students attending the Pasadena School System next Fall may call the Communication Center for information. The center will be open between the hours of 7:00 p.m. - 9:00 p.m., Monday through Friday and 10:00 a.m. - 3:00 p.m. on Saturday. The phone number is 449-6755. Volunteers from the Urban League Guild are manning the Urban League office to receive calls.

The Center has information about school assignments, schools' programs, after school programs and other related questions. Those persons wishing to volunteer their time to man the Communication Center are encouraged to call Mrs. Koki Asakura at 449-6755.

— ☆ —

Mr. and Mrs. Pat Morgan of Arcadia are the proud parents of a baby girl, Shannon Elizabeth, born June 3rd. She tipped the scales to 6 lbs. 2 oz. Her maternal grandparents are Mr. and Mrs. James Donohue of Pasadena, and paternal grandparents, Mr. and Mrs. Sam Morgan of Altadena. Mrs. Bertha Billings of Sierra Madre is Shannon's great grandmother.

— ☆ —

Judy Barbour of Sierra Madre received a Life Pass at the 16th annual spring banquet of the Pasadena City College Women's Athletic Association meeting which honored graduating students. Donna Blosser of Sierra Madre was also declared the treasurer of the Association for the 1970 year.

Film To Be Shown Bethany Church

Across a barren land, scared by centuries of war and neglect, the spectres of ancient Israel appear, hover and fade away. Suddenly there is movement of a different sort, and slowly, steadily, a startling transformation begins to take place.

Thus begins "His Land" the thrilling story of Israel from ancient to modern times. "His Land," a one-hour color feature motion picture, takes you on a journey through space, time and current events. You see graphically the fact that Israel today is a living testimony to the words of the prophets when they proclaimed Israel would take her place among the nations of the world.

In the company of Cliff Barrows and Cliff Richard, England's' popular star, who sings a number of new Ralph Carmichael songs, some of which were actually written on location, you travel through the vibrant streets and lonely solitary paths of this nation whose destiny is daily discussed in the counsels of government all over the world today . . . the same paths taken by Jesus and the Prophets . . . Galilee . . . the wilderness . . . Jerusalem . . . the Mount of Olives, mingle with the people of modern Israel as they work, play and build a nation.

"His Land" will be shown at Bethany Church, 93 North Baldwin in Sierra Madre at 7:00 p.m. on June 21. Everyone is cordially invited.

Bethany Bible School Starts Mon., June 22

On June 22 at 9:00 a.m. Bethany Church will hold its 1970 Bible School for all youth from nursery age through Junior High.

There will be many surprises and specials. Bob Bradford, a ventriloquist will be here with his many friends such as "Jiggers Johnson" who does impersonations, imitations, and many funny things! We will also have exciting films, stories from our own missionaries, a terrific contest, and refreshments every day.

Rev. Stan Reed, Minister of Christian Education will be teaching the Junior High class on the subject of "Ten Key Future Events."

Mrs. Ethel Aijan and Miss Pam Willhite will be co-directors for this year's school from June 22 to July 2. Invite your friends and neighbors for a wonderful time at Daily Vacation Bible School at Bethany Church, 93 North Baldwin in Sierra Madre. Everyone is welcome.

Father's Day At Faith Lutheran

On Sunday morning, Faith Lutheran Church at 845 Hastings Ranch Drive will begin the summer schedule by conducting Sunday school and Bible classes at 9, and the Sunday Worship Hour at 10 a.m.

Father's Day will be observed in the morning worship hour, with Rev. Armin Hesse speaking on "Helpful Fatherly Advice," centering his pulpit message on Proverbs 4:1-7. A special offering will be gathered for the relief of hunger and destitution, to be administered through the World Relief agency of the Missouri Synod's Board of Social Ministry which is involved in the food-program for Nigeria - Biafra, India, Jordan, Peru, as well as for the needy in our nation.

The two-week Children's Vacation Bible School will open on Monday morning with sessions conducted daily from 9 to 11:30 a.m. During the second week, the daily sessions will be conducted evenings from 7 to 9. Children entering kindergarten in the fall on up through eighth grade are eligible to enroll. The theme of the school will be "My Country Under God." Comprising the teaching staff will be: Mrs. Nina Bartolai, Mrs. Susan Reed, Mrs. Sonja Grisbach, Mrs. Charlene Meuser, Mrs. Dorothy Hesse, the Misses Denise Bearman, Glenna Schroeder, and Regina Meiners, and Pastor Hesse. Serving as handicraft assistants will be the Misses Susan Peters Dayna Jensen, Lynn Larson, Suzanne Miller, Rhonda Schroeder, Debbie and Lorrie Tucker.

During the second week's evening sessions, a class will be conducted also for parents and other adults. Serving as discussion leaders on the topic "The Christion's Relation to Politics and Government," will be Walter A. Schroeder, Ph.D, Philip Muschinske, Herbert Stedman, William Reed, and Psychologist Norman Miller. Representatives from various civic agencies, such as the Pasadena Police Department, the Pasadena Fire Department, the U.S. Forestry Service, will address the adults and the children on scheduled evenings.

"The school's theme, 'My Country Under God,' states Rev. Hesse, "gives us the opportunity to create an awareness of the ideals of constructive citizenship. The daily sessions will open with the singing of some of our national religious anthems and with the pledge of allegiance to the National and Christian flags. The lessons and the handicraft projects will also include the ecological emphasis."

Scheduled for next Wednesday, the LWML Sewing Group luncheon at 11:30 at the Tahitian Restaurant, and the Youth Recreational evenings at 6:30. The J-Y junior high group will enjoy a beach outing this Saturday afternoon.

Subject For June 21: 'What Is God To You'?

"What is your image of God?" asks Rev. Richard J. Anderson, of Sierra Madre Congregational Church. He continues with, "How do you think of Him? When you think of Him what pictures come into your mind? Do your emotions rise with excitement, fall in depression, or freeze with fear?

"Who is God to you? What is He like? Can you relax in His presence, or does He make you tense and uncomfortable? Do you enjoy talking to Him and find yourself in conversation with Him many times throughout the day, or has there been a long span of silence in your relationship of commmunication with God?"

He concludes with: "Is God your Father? He wants to be. God wants to establish a relationship of warmth and love and peace between you and Himself. God so loved the world that He gave His only begotten Son. God loves you and has a wonderful plan for your life. Don't let a communications gap keep you from a fellowship with your heavenly Father. Come to Him today in simple, childlike faith and tell Him you love Him too."

Services are held at 9:30 and 11 a.m. Church and Adult Bible Class 9:30 a.m.

The Chancel Choir of the church will sing the Faure "Requiem" at a Sunday Vespers on June 21 at 5 p.m. Mrs. Doris Stewart, soprano, and Mrs. Gary Lucht, baritone, will be the soloists, with Mrs. Jean Patterson as organist. The public is cordially invited to attend.

Special Evening For Adult Class

A special evening of activity along with a fine meal is being planned by the Voyager Adult Class of Bethany Church on Friday evening, June 19.

It is called Odyssey Internationale as all proceeds for the evening will be turned over to the Senior High Omega group of the church. They will use the proceeds for their Omega Odyssey trip this summer, July 31-Aug. 9, which will take them to Oraibi, Arizona to visit a Navajo Indian Mission. This missionary trip is to provide the senior high youth with first hand information and experiences in Mission field ministry.

The special entertainment for the evening will include solos by Ray Thompson, and Jeanine Bowman from a recent production of Camelot at Pasadena High School. "Just Us Four," sophomore girls in the Omega department will sing. A new group of musicians just formed, made up of Gene and Don Ashe, Ray Thompson, Bob Moreman, and Chris and Alex Crossan will provide the numbers.

Jill Hamilton will sing a solo, Steve Andison is to do a pantomime, skits by the high school group, and group singing led by Jim Leeming with his guitar, will round out the exciting evening. The cost is $2.00 per person. Bethany Church is located at 93 North Baldwin in Sierra Madre.

As Hank Ives Sees It

HOORAY FOR THE GIRL-TYPES . . .

IT WAS QUITE A WEEK-END for female athletes. Chi Cheng, a statuesque doll from Formosa, ripped her competition in Portland while establishing new world marks in the 100 and 220 yard dashes. What a personable gal she is. Speaks English better than you and I and didn't know a word when she came to the U.S. back in 1964.

Chi has been winning by such wide margins that you have to wonder how she could get the impetus for a world record. "I only run fast enough to win," she told a group of press-types gathered together as a forerunner of the Orange County Invitational.

She won her events in Portland like about a mile-and-a-half and set new world records doing it. If you have wondered why she doesn't claim U.S. citizenship and compete for Uncle Sam, Chi explained she feels she owes it to Formosa to run for her mother country. "They have paid my way to the U.S. to school and supported me all this time. I plan to return to Formosa and be a physical education instructor."

Chi will be competing again Saturday in the Orange County Invitational at Fred Kelly Stadium in Orange. The action gets underway at 1:30. It's located on East Chapman just off of the Newport Freeway, and all of the nation's top track and field stars with AAU credentials will be on hand.

ANOTHER MEMBER OF THE DISTAFF SIDE turned in a world record performance last weekend. Sally Younger, a 17-year old Hacienda Heights coed, broke the women's water skiing mark and became the first female ever to be clocked at over 100 miles per hour.

Sally was towed by Crucifier, driven by Mac Christensen, and roared down the Ski-land straightaway in a record 105.14 mph as part of the Flag Day racing presented by the National Drag Boat Association.

AROUND THE DUGOUTS . . . Don't forget to write-in Rico Carty and Alex Johnson on your All-Star ballots . . . Don't you wonder why the Angels can afford the luxury of carrying a no-play, no-stick infielder like Ray Oyler? . . . Danny Walton of the Milwaukees looks like a solid bet for rookie of the year in the A.L. . . . Don't look now but the Detroit Tigers are making growls like they may be dangerous down the stretch in the A.L. East.

What's with the Yankees, hanging just three games off of Baltimore with a bunch of nobodies (or is it nobodys) in the lineup . . . OLD HANKUS is about ready to give up on the Dodger chances of copping the N.L. West. Cincy is just too much . . . Joe Torre is a lot like my all time favorite ballpayer, James Emory Foxx. Joe plays first and thirdbase and also dons the catcher's tools. Old Double-X could play all three positions and still hit a ton. That's my boy.

2nd Trophy Day Completed By Eaton Women

Eaton Canyon Women's Golf Club competed in their second Trophy Day of the year. This is a Low Gross tournament and trophies are awarded to the winner of each flight.

In A Flight, Nicky Riordan, Pasadena, was best with 87. Flight B resulted in a 3-way tie at 95 between Emma Morse, San Gabriel, Zoli Alexander, Sierra Madre, and Jean McDonaugh, Pasadena. After matching cards for the first hole, Emma Morse was declared the winner. Flight C found Ruth Formhals, Altadea, in the winners circle with a 95. In Flight D, Nan Russell, Arcadia, was the winner of the trophy with a 97.

Flo Temmesfeld, Pasadena, was awarded the Putter-of-the Month medal.

Rev. M. Stevens Announces Topic

"To Be or Not to Be" is the sermon subject chosen by Rev. Margaret M. Stevens for the 11 a.m. Father's Day Sunday service at the Santa Anita Church, 226 W. Colorado Blvd., Arcadia.

The children's program has been changed. The infant and child care will continue in the Inspiration Chapel. All other children will go to Fellowship Hall when they first arrive at church rather than accompany their parents to the sanctuary. However, the first Sunday of each month is Family Day and the children will then go with their parents to the sanctuary as they have done in the past. All are welcome.

Enrollments are still being taken for the six-week summer session of the Ethel Barnhart School. Special emphasis will be placed on remedial work in reading, writing, mathematics, science and history, and creative arts and crafts will be included in each day's program. Call 446-5588 for further information.

The Women's Class in Successful Living, conducted by Rev. Stevens, will meet Thursday at 11 a.m. The women are invited to bring a sandwich for noon and remain for the philanthropy workshop.

Lesson-Sermon For Sun., June 21

"Is the Universe, Including Man, Evolved by Atomic Force?" This question is the title of the Lesson-Sermon to be read in Christian Science churches this Sunday.

The creation of man and the universe is ascribed to God rather than to a chain of material reactions, according to Isaiah: "I have made the earth, and created man upon it: I even my hands, have stretched out the heavens, and all their host have I commanded."

Also in the lesson from "Science and Health with Key to the Scriptures" by Mary Baker Eddy are the pertinent questions:

"Did man, whom God created with a word, originate in an egg? When Spirit made all, did it leave aught for matter to create? Ideas of Truth alone are reflected in the myriad manifestations of Life, and thus it is seen that man springs solely from Mind."

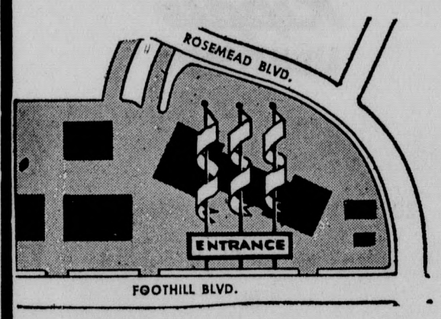

All are welcome to attend.

GI Loan applications increased from 2,330 in April to 2,472 in May, Martin J. May, VA's Southern California Acting Manager reported today.

Appraisal requests for existing homes increased from 4,000 in April to 4,182 in May, and appraisal requests for new homes decreased from 1,620 in April to 1,467 in May.

Out of the Cobwebs

Sixty Years Ago:
June 10, 1910

The city trustees last evening put the wheels in motion for a special bond election to pass upon bonds to pay the cost of the Baldwin water rights nad property in the Little Santa Anita, in case the court awards those rights and property to the city.

The long interval from 11:10 till 1:10 without a car for Los Angeles which caused so much dissatisfaction has now been remedied. The car which leaves Los Angeles at 5:30 in the evening now remains here over night instead of returning immediately to the city. It now leaves for Los Angeles at 12:10 p.m., so the cars run regularly throughout the day at hour intervals from this end of the line. The new arrangement will doubtless meet with general approval as the car seldom carried many passengers on the return trip to the city in the evening.

Children's Day will be observed next Sunday at the Congregational church. The Sunday School will meet at ten o'clock. At eleven o'clock, the usual hour of worship, followed by special program.

A local organization of the Lincoln Roosevelt League was formed at a meeting held Monday evening in the office of A. S. Mead. F. D. R. Moote was elected president of the league, S. H. Spafford, secretary, and C. H. Perry, treasurer.

The Sierra Madre Telephone company will issue a new directory about July 1. The book wil be printed at the News office and the advertising will be handled through this office. Merchants and others desiring space should telephone as soon as possible for reservations.

SIERRA MADRE RAINFALL — Notes on the Season of 1909-1910 Furnished by J. G. Blumer. October,

——Please turn to Page 15

From the FIRE SIDE
By One of the Boys

Now with the City Council giving tentative approval to the Carnival for the Firefighters, the next stage of the 50th Anniversary Celebration has been established and now becomes a fact. The Carnival will set up the final days of April and be running Thursday, Friday and Saturday for the Gigantic Celebration.

— SMVFD —

Now it would seem that the next step would be to settle the fact as to whether we will have a Queen and Princess Contest, and maybe involve the boys also and have a Chief and Captains contest at the same time. We expect the boys to get their teeth in this one as soon as possible and come up with some kind of direction for this project.

— SMVFD —

And, of course, soon the dance will have to be established, and the orchestra hired, so that it will be in readiness when the time comes. The Banquet will not have to have much planning until about the last couple of months; but the invitation committee will have to do a lot of research and get on the ball much sooner.

— SMVFD —

General Chairman Joseph Grippi is not too happy about the speed that the events are taking up, then Joseph wanted a very 'petite' celebration and what he wanted and what he will get really will have very little similarity. The boys are bound to want a Whooper-upper and that is about the way things will turn out, I am sure. But only time will tell, and that time will soon run out as we get closer and closer to May 2, 1971.

— SMVFD —

If you want to know just why some of the Firefighters have seemed to be more serious and busy these last few days; it is because of Final Examinations at PCC which were held on Monday, May 8. It is really too early to tell at this date, but I imagine that all of them did get through; maybe some by the skin of their teeth, but they did get through and that is a lot better than those that did not even try.

— SMVFD —

All that is learned, or I might modify that a little and say, that some of the things the College Firefighters learn will come home to educate others. It just has to rub off a little at a time; anyway it will be for the good of the department, and I dare say that very few other Volunteer Departments can boast of so many College degrees.

— SMVFD —

We have had college boys on the department previous to this time. Engineer Signorino has had a great deal of college learning, and Hugh McMahon took a flyer at it at one time, plus Captain Leonard Hall, Engineer Lee Graves, Gary Smith, Mike Tyler, George Maurer; plus Captain Burleson and Fire Marshal Ludden have been at it for a couple of years or more, so learning is on the up grade as far as your Volunteers are concerned.

— SMVFD —

It is really nice to have something else to occupy your mind with when fire calls are on the down-grade. At this writing we are some

Sensing

sidy woud come "out of the hide" of the American people, for the U.S. is better equipped than any other nation to develop seabed resources.

In short, the establishment of an international regime for seabed resources would be a cruel and utterly unnecessary tax on the American people. The sea floor pact goes far beyond even the most extravagant foreign aid plan in envisioning permanent subsidies for backward lands — all at the cost of the USA. This proposed undersea giveaway would deprive the American people of tremendous benefits that wouud bederived from development of the seabed by taxpaying, free enterprise companies.

The sea floor pact represents a Louisiana Purchase in reverse — a loss of rich submerged lands that rightfully belong to the American people.

Principal of Don Benito Given Honor

Miss Zylpha Mooar, Principal at Don Benito Elementary School, was honored with a retirement party the evening of May 27, in the school cafetorium which was decorated in a Hawaiian motif to set the mood for the delightful and memorable evening.

Mr. Frank Crowhurst,, President of the PTA introduced Miss Mooar's teaching and administrative career; after which Joan Fagan, Program Chairman and Mrs. Crowhurst on behalf of the parents of the Don Benito PTA presented Miss Mooar with an airline travel bag, containing a round-trip ticket to Hawaii. A dessert and musical program followed. The Field Singers, "Jeff, Rod, and Jodi, and a special tribute sung by Mrs. Shirley Hingst and her four daughters, Lori, Jenny, Jill and Barbie Hingst provided the delightful musical program.

Miss Zylpha Mooar taught at the old Washingto Elementary School in Pasadena, San Rafael and Webster schools until 1950, when she was advanced to the Assistant Curriculum Coordinatorship for the Pasadena City School District in June 1953. Later that year, she was promoted to the position of principal of the Altadena Elementary School.

In June of 1965, it was Don Benito's good fortune to have her accept the position of principal of Don Benito School, where today she has as an elementary school principal.

Miss Zylpha Mooar will be greatly missed for she has shown true dedication in all capacities in the career of education.

A special thanks to Joan Fagan and all her committees who helped to make the retirement party for Miss Mooar such a delightful one.

As Ives Sees It

MY ALL - STAR TEAM VOTE WENT LIKE THIS . . . AMERICAN LEAGUE — c. Bill Freehan, 1b., Boog Powell; 2b, Rod Carew; 3b, Harmon Killebrew; ss., Jim Fregosi; of., Alex Johnson, Tony Oliva and Al Kaline, p., Sam McDowell, Dave McNally, Andy Messersmith, Catfish Hunter, with Stan Williams in relief.

NATIONAL LEAGUE — c. Johnny Bench, 1b. Richie Allen; 2b., Makerski (I don't care if he hits .160); 3b., Tony Perez; ss, Billy Grabarkewitz; of., Rico Carty, Billy Williams and Henry Aaron; p., Tom Seaver, Jim Merritt, Claude Osteen, and Wayne Simpson, with Jim Brewer heading the bullpen.

Attend the Church of your Choice this Sunday; you will always meet your friends there.

So You Will Know Before You Are Caught

Six months ahead of schedule, the Department of Motor Vehicles has finished the four-year job of computerizing the "driver file" of every holder of a driver's license in California, DMV Director Robert C. Cozens announced today. The final license numbers — those ending in 99 — were transcribed from file drawers to electronic storage, along with vital information about each licensee.

"This is a good time to remind every California motorist," said Cozens, "that every time he has a traffic citation and is found guilty in courts or forfeits bail, the fact is entered in his 'violation point count' record. Most violations count one point: major violations count two."

Three violation points in one year, six in two years or eight in three years flag a driver as "negligent" and he can expect a warning letter from DMV. If more violations follow, the pressure to improve his driving becomes more emphatic.

A driver's record also tells whether he has ignored a traffic citation by being a "no show" in court or has failed to pay a fine. In either case he won't get his license renewed until he has settled with the court.

All this information about a driver is now at the fingertips of any judge or officer of the law with access to the statewide California Law Enforcement Telecommunications System (CLETS). It was always obtainable by phone, teletype or mail, but is now normally less than a minute away via computer in most cities and nearly all count seats. The chance of a driver being treated as a first offender if his record shows otherwise is sharply diminished.

FIRE SIDE

360 hours away from the last call, and with the weather in the condition that it now is, the necessity of a call seems a little remote.

— SMVFD —

Keeping the moisture falling on those weed patches is music to your Firefighters' ears; although they are willing and able to do the ultimate in the event of an emergency, they would all rather not to be called at all. Somebody always suffers in an emergency; maybe not at the very moment or minute, but sometimes later on, and if you do not have 'em you do not have to think of the future.

— SMVFD —

Only one more meeting before the Fourth of July Celebration and Parade; so plans were made at the meeting June 12 to have the engines all polished up for the Parade. This will be a fun time for the Firefighters and probably will end up with their annual Fourth of July picnic.

Also noted at the Regular meeting was the party at the Recreation Center to be staked on June 20. This is the party where the winning crew takes the honors and the losers take the ribbings. A lot of food, a little drink and a great lot of fun. The boys have to stage an affair such as this once in a while so that they will all remember who is on the department and who is not. When activity is at a low ebb they seem to forget each other.

— SMVFD —

If you want to have a conference with Engineer Lee Graves, you have to get up about 2 a.m. to meet him in his office a 1926 Chevrolet that he runs around town in from 2 a.m. till 5 a.m., weaving back and forth from one curb to another, always in perfect control, tossing out the L.A. Times for the early morning readers.

— SMVFD —

If you really want to see all of them together, then just let the Pectron sound and the horn blow about midnight Friday evening and they will all show up, wild eyed and bushy tailed. Saturday night you will find some of them missing, but most always out of the 23 and Reserves you will catch 20 to 22 if the call is after midnight any week day and more surely if it be Sunday night or early Monday morning . . . That five bucks seems to come in handy now and then.

— SMVFD —

With this we pull down the station door and we will see you when the horn blows . . . someday.

Crib Crop

As of June 6th, there are six children in the Ralph Foley household at 10 North Mountain Trail Avenue. That's the day that Ralph and Beverly's son Paul Bernard arrived at the Arcadia Methodist Hospital weighing in at a healthy 9 pounds 4 ounces. Very pleased with the new baby, because she can do 'little mothering' is Alyn who is 14½, however, she was a teeny bit upset about the fact that she is still what you might call 'outnumbered' by the males in the household. Those responsible for the outnumbering and very pleased with the addition of another boy to their ranks, are Barry (14), Jeff (10½), Joe (10), and Danny (9). (You can see why Alyn was hoping for a girl as, while it wouldn't exactly even things up, it would be a start!) Maternal grandmother is Mrs. Minnie Blankenhorn of Loma Linda and paternal grandparents are Mr. and Mrs. T. J. Foley of Honolulu. Also in Honolulu are Paul's godparents, Mr. and Mrs. Al Souza.

Happy birthday to Joe Foley, son of Ralph and Beverly Foley who was 10 years old on June 7. Our best wishes to you, Joe. Brothers Barry and Danny both had birthdays last month. Barry became 14 on the 20th of May and Danny 9 on May

Out of the Cobwebs

1909 — .82; November — 2.72; December—11.24; January, 1910 — 4.79; February — .24; March — 3.19; April — .10; May — 0; June — .02; Total to date — 23.12. The present year is the third year in succession in which no rainfall has been recorded for the month of May. For 20 years previous there has been no failure of rain in May, the highest recorded being 3.92 inches in 1892, the lowest .16 in 1907, and the average for 20 years, 1.19 inches. The absence of rain and a greater record of sunshine during the past month has also influenced the temperature. The mean temperature for May, 1910, was 65.64 degrees, compared with an average mean temperature for that month over a period of ten years, of 62.68 degrees.

CITY OFFICIALS — TRUSTEES — N. H. Hosmer, Chairman; C. W. Jones, J. J. Graham, J. C. Pegler, L. E. Steinberger. Treasurer, L. C. Lehmer; Clerk, Philip C. Carter; Marshal and Street Superintendent, G. C. Ray; Recorder, E. N. Mead; Attorney, J. A. Madden; Engineer, W. F. Bixby; Chairman Board of Health, Dr. R. H. Mackerras. Trustees meet in City Hall on the second and fourth Mondays and Thursdays of each month at 7:30 p.m.

Forty Years Ago:
June 13, 1930

The paving material war raging in Canyon Park has reached the petition stage. Two sets of them are in circulation and sponsors of both are making a vigorous effort to secure a majority of the property owners necessary to determine whether the roads and tails of the canyon agreed upon for improvement shall be paved with a patented black or white surface material.

Nominated from the floor, Mrs. E. E. Bacon was unanimously elected President of the Woman's Club for the ensuing year at a business meeting following Wednesday's luncheon, one of the most notably successful social events of the Club's history. With the other recently elected officers Mrs. Bacon will be installed in her new office Wednesday, June 25.

An essay on "What I Would Do to Prevent Forest Fires," by Ester Draman, of 255 North Lima street, has brought a strong letter of commendation from C. C. Cottrell, secertary of the Stop Forest Fires Committee of California . . . Miss Draman of Class I of Woodrow Wilson Junior High.

"Funkhouser's Nook," home of Mr. and Mrs. E. B. Funkhouser on Woodland drive, was the scene last Thursday of another large gathering when Section Seven of the Woman's Union of the First Christian Church of Long Beach, met in all day session. The host and hostess for the occasion were Mr. and Mrs. F. A. Hunter, who served a covered dish luncheon at noon. A business meeting was held in the afternoon and short canyon hikes were enjoyed by the guests.

Ten Years Ago:
June 9, 1960

Uncle Sam's cenus man made his report on Sierra Madre — our 1960 population figure is 9,669 by official count, according to District Supervisor Frank Lamberton, in charge of the Baldwin Park District. This compares with 7,273 for 1959, a healthy gain of 2,396.

The business building at 303 Siera Madre Blvd., now occupied by the Sierra Madre Post Office, has been sold to Charles H. Koch, general manager of the Crayoff Corporation of Pasadena, for a sum exceeding $30,000, it was announced by Harold Pangborn of the Pangborn Realty Co., 344 W. Sierra Madre Blvd., who handled the deal. Purchase was made through the Title Insurance and Trust Co., of Los Angeles, acting for the owner, a Vancouver Island, British Columbia holder. The Post Office has a lease on the property until next April 1 when, it is expected, it will remove to a new and larger quarters, either on S. Baldwin or E. Sierra Madre Blvd. Mr. Koch purchased the property for investment purposes.

If your savings aren't bank-safe

apply yourself

With the enclosed deposit of $_____, I wish to open a First Bankregular Savings Account at First Western Bank in the name(s) of:

Name _____ Last _____ First _____ Middle Initial _____

Name _____ Last _____ First _____ Middle Initial _____

Address _____ Street _____

City _____ State _____ Zip _____

Telephone Number _____

I agree that this account will be subject to all applicable state and federal laws and regulations and to bank's by-laws, regulations, rules and practices now in effect or hereafter adopted.

Please send me a permanent signature card which I will complete and return to you. I understand that no withdrawals may be made until the signature card has been received by the bank.

Signature _____ Date _____

Others say they pay more than banks — but they neglect to tell the whole story. No mention is made on how much it is worth to be bank-safe. And, you can only be bank-safe at a bank!

It's your money — but if we were you, we'd think about the long run. We'd be sure to put the money in our bank where it's bank-safe and earns the maximum allowed by law. It's also insured by the F.D.I.C. up to $20,000.

No saver is too small in our eyes. If you want to start with a small amount, a First Bankregular Savings Account is for you. It earns 4-½% and we even have a way to make automatic deposits from your checking account at regular intervals.

Some savers can earn 5% to 7½%. We pay 5% to 5¾% on our First Bankspecial Passbook Accounts and 5% to 7½% on First Bancertificates of Deposit depending on amount invested and maturity.

Save now. To get started with a First Bankregular Savings Account, fill out the application above and bring it or send it to us with an opening deposit. Then you can be Bank-safe with a bank. After all, isn't safety what savings is all about?
